Introduction to delineation of appearance and character in natal astrology. The following document is a hand-written analysis of **Henry Kissinger** made using the principles of medieval predictive astrology. The discipline of natal astrology focuses on the fate of an individual based on a horoscope cast for the moment of birth. Within natal astrology, the 1st house occupying the eastern horizon at birth describes the native: physical vitality, appearance, and character. Between the Hellenistic and Medieval eras several specialized models have been developed to assess these characteristics. They include **longevity** (vitality and length of life), **physiognomy** (form and shape of the face and body), **victor of the chart** (overall life purpose), **manners** (social conduct including ethical behavior), and **temperament** (elemental mix of fire, earth, air, and water with applications in medical astrology). Prior research has presented models and results for longevity (*A Rectification Manual: The American Presidency*, Chapter 4) and physiognomy (*Astrological Physiognomy: History and Sources* & *Astrological Physiognomy: Empirical Tests of the Leo Rising Decan*). This paper presents one of forty horoscopes chosen to populate an initial data set to investigate the victor.

Victor of the Chart. Included are two competing models for computing the victor of the chart said to be the single most powerful planet in the horoscope. According to Plato's follower Porphyry, by configuration in the natal horoscope the planet signifying the victor of the chart shows the life choice made by the soul prior to incarnation. Plato explains the details of his soul model in *The Myth of Er* found in the closing pages of his work *The Republic*. Porphyry and his peer Antiochus offer specific rules for determining the victor of the chart. The method of Antiochus/Porphyry is compared to a later method for determining the victor suggested by the Jewish Rabbi Abraham ben Meir Ibn Izra who was an active philosopher and astrologer in the 12th century. For a discussion of these two models, see the companion paper *Victor of the Chart: Testing Methods of Antiochus/Porphyry and Ibn Ezra* which serves as a key to what is presented here.

Manners. Plato was not alone among Greek philosophers in conceiving models for the soul. Aristotle's model of vegetative, sensitive, and intellective soul levels assigned respectively to the plant, animal, and human kingdoms was taken up by Ptolemy who found a correspondence between the sensitive and intellective soul and Moon and Mercury in the natal horoscope. Configuration of the Moon and Mercury, with special emphasis given to their rulers, is a second method for analyzing the soul. Ptolemy introduces this model in *Tetrabiblos III.13* "Of the Quality of the Soul". Subsequent authors refer to this model as "Significators of the Soul" or "Manners". A summary template for the Moon and Mercury is presented in the paper and will be further developed in future versions.

Henry Kissinger (May 27, 1923 – living)

The most well-known U.S. Secretary of State of the 20th century, Henry Kissinger is known for his foreign policy of realpolitik which favored policy realism over a philosophy of human rights. Following his foreign policy service under the Nixon administration, Kissinger has maintained an active foreign policy circle through his consulting firm Kissinger Associates founded in 1982.

Born to a German Jewish family during the Weimar Republic, Kissinger's hometown of Fürth Bavaria became a Nazi stronghold following the rise of Hitler. Facing increased persecution, the Kissinger family left Germany on August 20, 1938 for New York just three months prior to Kristallnacht. After arrival in America, Kissinger enrolled in George Washington High School and took seriously his goal of assimilating the culture of his new homeland in order to succeed as a teenage immigrant. Drafted shortly after his 19th birthday, Kissinger embarked for Europe in September 1944 as part of post D-Day operations. The only German speaker in his contingent, Kissinger was made administrator of the German town of Krefeld. After VE Day, Kissinger was named commandant of a Counter Intelligence squad whose objective was to expose Nazis in the city of Hesse.

Upon return to America, Kissinger enrolled in Harvard where his interests in political science eventually led to a nuclear weapons policy paper published in *Foreign Affairs*, a job at the Council for Foreign Relations, and director of Nelson Rockefeller's "Special Studies Project" where Kissinger became an important Rockefeller protégé. Kissinger's 1957 book *Nuclear Weapons and Foreign Policy* (which favored use of tactical nuclear weapons – an approach he later abandoned) made him a sought after expert within military and political circles. The 1960 election of Kennedy to the White House put his political aspirations on the back burner and Kissinger returned to his teaching duties at Harvard full-time.

In a key step which renewed ties with the political establishment, Kissinger visited Vietnam during October 1965 on his first fact finding mission at the request of Ambassador Henry Cabot Lodge. Kissinger parlayed his expertise gained from Vietnam trips made in 1965 and 1966 as well as his presence in Paris during 1968 talks into a position within the Nixon administration. Appointed chair of a revamped National Security Council, Kissinger proceeded to open and pursue back channels in order to conduct aggressive foreign policy directives outside the purview of the State Department. Kissinger's propensity for secrecy and Nixon's paranoia were two forces which reinforced each other in unhealthy ways. Leaks regarding Nixon's secret bombing of Cambodia led to Kissinger's authorization of FBI wiretaps of his own staff members. And in the opinion of biographer Walter Isaacson, the climate of secrecy and spying established by Kissinger's wiretaps provided fertile grounds for Nixon to form his notorious "Plumber's Unit" following publication of the *Pentagon Papers* by Daniel Ellsworth in June 1971. From there, one can draw a straight line to Watergate.

Though Kissinger is credited with stabilizing America's cold war power projection by enlarging détente with the Soviet Union and opening China, his tendency to frame geopolitical disturbances as proxy conflicts between the Soviet Union and the US has left behind a trail of bloodshed which his critics deem worthy of war crimes charges. The most significant error was his support of Nixon's expansion of the Vietnam War to Cambodia. Today even Kissinger recognizes that North Vietnam's objective was not expansion of Soviet-style communism in Southeast Asia, making America's justification for the war as a containment policy against communist expansion a false premise.

Available Birth Data

Astrodatabank reports an AA rated birth date of May 27 and birth time of 5:30 AM, quoted BC/BR. That horoscope features Gemini rising with Sun, Mercury, and Mars all in the rising sign. With Mars/Gemini the significator for identity theft and Mercury retrograde and combust, Kissinger's horoscope has three indications suggesting problematic birth data. Rectification with life events identifies Kissinger's birth date as May 26, the prior evening.

Regarding Kissinger's birthplace, Astrodatabank also mentions confusion surrounding which city of Fürth to use. Astrodatabank settles on 49n39, 8e47 as the location of Fürth in Bavaria. However, Wikipedia lists coordinates for Fürth, Bavaria as 49n28 11e00 which agrees with Janus' database for Fürth, Bavaria. http://en.wikipedia.org/wiki/F%C3%BCrth

Firdaria

The following event matches support a nocturnal birth time.

Saturn - Saturn. 26-May-1932 to 20-Dec-1933. Saturn/Libra/retrograde signifies rebellion against the rule of law. Start of Kissinger's major Saturn Period timed Franz von Papen's appointment as German Chancellor on 29-May-1932. Papen eventually convinced Hindenberg that Hitler could be controlled once admitted into the realm of national politics. Bans on the Nazi SA and SS were lifted on 16-Jun-1932 which unleashed a huge wave of Nazi-led violence across Germany. On 31-Jul-1932, the Nazi Party won 37% of the total vote making it the largest party in the Reichstag. Hitler was made Chancellor in early 1933.

Jupiter - Jupiter. 26-May-1943 to 9-Feb-1945. Enlisted in US military following draft notice. Jupiter/Scorpio is the logical significator for Fritz Gustav Anton Kraemer as Kissinger's mentor within the U.S. military. Jupiter signifies a teacher; Scorpio, concerning military matters.

Jupiter – Mars. 10-Feb-1945 to 28-Oct-1946. Establishment of counter intelligence operations in US occupied Hesse Germany in order to root out Nazis is consistent with Mars/Gemini as significator of identity theft, lies, and manipulation of intelligence.

Mars – Mars. 26-May-1955 to 25-May-1956. Following publication of a nuclear arms strategy paper in *Foreign Affairs* magazine in April 1955, Kissinger was offered a job at the Council on Foreign Relations. Expertise in military intelligence is consistent with Mars/Gemini as major Firdaria lord.

North Node. 26-May-1962 to 25-May-1965. Returned to Harvard full-time during the summer of 1962. Mercury-ruled North Node is consistent with expanded teaching duties. Note the final rectification places the North Node in the 9th house of higher education.

South Node. 26-May-1965 to 25-May-1967. Jupiter/Scorpio/rx ruled South Node promises harm from pronouncements on military strategy made as a consultant or an advisor. This delineation is consistent with the diplomatic scandal in October 1965 caused by Kissinger's trenchant "off-the-record" observations made on North Vietnam which were mistakenly published by the L. A. Times.

Sun. 26-May-1967 to 25-May-1977. Major Sun period timed Kissinger's service under the Nixon and Ford administrations. Following the inauguration of President Carter, Kissinger returned to New York City as a private citizen in January 1977 as the major Sun period concluded.

Moon's Sign and Configuration

Kissinger's need to please through diplomatic flattery is consistent with the Libra Moon which rules out evening hours of 27-May-1923 when the Moon changes to Scorpio. For all morning nocturnal hours of 27-May-1923, the Moon separates from Saturn and applies to Mars. This is a match to leaving behind a collapse of the rule of law (in Germany) and developed an interest in counter-intelligence, lies, and secrecy as Kissinger ages. As this configuration is present for all morning hours on 27-May-1923, it will not help us in rectification.

Relationship with Anneliese Fleischer whom Kissinger married on 6-Feb-1949 appears timed by the Moon directed to Jupiter. On the date of the wedding, c.s.a. Jupiter 16LI39 compares to a final rectified Moon position of 18LI21. The direction was exact on 2-Aug-1947 shortly before he enrolled in Harvard (Fall 1947) where he met Fleischer.

Configuration of the Chart

From my research, realpolitik is signified by Jupiter/Capricorn. The focus of realpolitik on practical results without concern for human rights abuses is consistent with Jupiter in the sign of his fall. This planet/sign configuration is present in Richard Nixon's 5th house of diplomacy (whose role is played by Kissinger). It is also replicated by the Jupiter-Saturn conjunction of 18-Feb-1961 whose effective influence over the 1961-1981 period encapsulated Kissinger's peak influence over global politics. With Jupiter placed in the sign of Scorpio for Kissinger's birth, I consider the possibility that the bound of Jupiter/Capricorn be prominently placed in Kissinger's horoscope. Choosing the

Ascendant degree range from 7CP00 to 13CP59 pushed the birth time back to just before midnight the previous day on 26-May-1923. Making this change yields the following delineation matches to life affairs:

Ascendant sign ruler Saturn placed in the 9th (QS) or 10th (WS) signifies Kissinger's desire for status through foreign policy (9th) and government (10th).

Ascendant bound ruler Jupiter/Scorpio on the 10th (QS) or 11th (WS) signifies Kissinger's reputation (10th) and alliances (12th) built around military strategy, consulting, and skullduggery.

Mercury/Gemini/rx in the 5th (QS) or 6th (WS) is consistent with shuttle diplomacy (5th of diplomacy) and leaks made by aides/staffers (6th of employees).

Kissinger's primary/secondary temperament was melancholic/choleric. Capricorn rising with Saturn squaring the Ascendant fits the melancholic. Exalted Ascendant ruler Mars/Gemini adds the choleric.

Conclusion: Ascendant sign is Capricorn.

Stage II. Determine the Ascendant's range within 1-4 degrees
Stage III. Determine the exact Degree and Minute of the Ascendant

With the bound of Jupiter/Capricorn having a 7 degree range, Stages II and III are combined. For the final rectified time, consider these measurements:

<u>Lots</u>

For death of his father Louis on 19-Mar-1981, c.s.a. South Node 19CP23 is conjunct the antiscion of the lot of death of the father at 11SA34 within 3 minutes of degree.

For death of his mother Paula on 15-Nov-1998, d.s.a. South Node 28TA43 is conjunct the antisicion of the lot of death of the mother at 1LE58 within 41 minutes of degree.

Solar Arc Directions

<u>9-Aug-1969</u>. *c.s.a. Mars opposed MC.*
<u>25-Apr-1970</u>. *d.s.a. MC opposed Mars*.

This set of solar arcs effectively moves Mars to the IC, 4th cusp, which in a mundane figure signifies the homeland. Read through Kissinger's figure, these directions timed increased Vietnam protests which culminated in the Kent State shootings on 4-May-1970 days after Nixon ordered ground troops to Cambodia on 24-Apr-1970. By whole sign houses, Mars/Gemini/6th also signifies staffers involved in military strategy. Directing Mars to the 4th cusp end-of-the-matter timed resignation of several Kissinger staffers on 25-Apr-1970 including Bill Watts, Tony Lake, and Roger Morris who protested escalation of the war in Cambodia.

28-Dec-1969. *c.s.a. MC square Mars*.
17-Sep-1970. *d.s.a. Mars square MC*.

Though the period leading up to September 1970 was one of increasing volatility which culminated in CIA plans to assassinate Chile's Salvador Allende, King Hussein's Black September attack against the PLO on 16-Sep-1970 and concern on a Soviet flotilla approaching Cuba, the best delineation match to the latter direction is hiring of staffer Charles Radford on 18-Sep-1970 who would later leak documents from Kissinger's NSC group to the Joint Chiefs.

25-Dec-1972. *c.s.a. Saturn conj LOF*.
17-Oct-1973. *d.s.a. LOF conj Saturn*.

During the fall of 1972, Kissinger was engaged in active negotiations with both North and South Vietnam. Kissinger's desire for seeking a peace treaty prior to the November 1972 elections was a personal one not matched by Nixon. In addition, Kissinger made promises to North Vietnam assuming that South Vietnam would agree. That was not the case making South Vietnam's President Thieu's rejection of Kissinger's peace plan on 22-Oct-1972 Kissinger's "greatest diplomatic failure of my diplomatic career" said in his own words (Isaacson, p. 456). With this debacle, and North Vietnam unwilling to continue in peace talks given Kissinger's deception, Nixon ordered another bombing campaign targeting Hanoi in order to force North Vietnam back to the negotiating table. Ordered on 18-Dec-1972 and concluded on 30-Dec-1972, the campaign is referred to as the "Christmas Bombing" as Christmas day was the only day when bombing did not occur. This action led to a new agreement signed by North Vietnam on 9-Jan-1973 for which Kissinger and South Vietnam's Thieu would be awarded the Nobel Peace Prize on 17-Oct-1973. This solar arc quasi-sequence timed both the Christmas bombing and the Nobel award; both exact dates. **Delineation**. As delineated above, Saturn/Libra/rx signifies rebellion against the rule of law. A common feature of retrograde planets is to exhibit their opposite sign placement; in this case, Saturn/Libra/rx functions similar to Saturn/Aries which can be delineated as a heavy handed (Saturn) method of halting war (Aries). This is an exact delineation match to the Christmas bombing timed by the open of this quasi-sequence. Lot of Fortune signifies financial gain; the Nobel Peace Prize includes a cash payment. Saturn retrograde also suggests difficulties or repeated issues. Neither Kissinger nor Thieu attended the Nobel Award ceremony on 10-Dec-1973; Thieu in protest as North Vietnam violated cease-fire agreements making a mockery of the peace accords, Kissinger in recognition of the folly of his statement "Peace is at hand."

Model Summary

(for model details see www.regulus-astrology.com/research.html)

Physiognomy

Ascendant sign: Capricorn
Ascendant sign ruler: Saturn/Libra-rx
Ascendant decan: Capricorn
Ascendant decan ruler: Saturn/Libra-rx

Ascendant sign and decan ruler Saturn/Libra (as well as Moon/Libra) is consistent with Willner's compressed ovate facial type for Libra.

Longevity: (living)

Releaser. Figure is nocturnal and Moon is preferred. By quadrant houses she is excluded for placement in the 9th house opposite the house of her joy. By whole sign houses she is allowed in the 10th house. A check of dynamic activity surrounding Kissinger's 10-Feb-1982 open heart surgery confirms the Moon as empirical releaser with the 1981 solar return featuring Moon square Mars and the transit of Mars conjunct natal Moon for the day of surgery.

Victor of the Chart: Jupiter/Scorpio-rx

Jupiter and Saturn both vie for Ruler of the Chart though Jupiter's role as Ascendant bound lord and placement in the MC sign and bound give him priority over Saturn in Porphyry's expanded criteria. Really the analytical question is this: what does Saturn offer than can knock off Jupiter as a candidate for victor of the chart? True Saturn/Libra is in the sign of exaltation; however I would discount this given Saturn's retrograde status. In fact, both Jupiter and Saturn are in the same solar phase, between opposition and the 2nd station. Both planets are out-of-sect; Jupiter completely so. Saturn is the day ruler; Jupiter, the hour ruler. Perhaps the only feature which favors Jupiter over Saturn is the Moon's separation from Saturn which de-emphasizes as a planetary theme as Kissinger ages.

Choosing Jupiter over Saturn as Ruler of the Chart makes sense given Jupiter rules the Ascendant bound, Jupiter/Capricorn, which signifies Kissinger's realpolitik. Jupiter's placement in the 11th of political alliances is a delineation match to his exceptionally large circle of political and military contacts. Despite its problems, Jupiter's placement smack on the Midheaven is hard to miss. We need look no further than Jupiter for the victor of the chart.

Manners. Saturn-Mercury. Consistent with Kissinger's melancholy intellectual brilliance. Venus as a possible significator of manners is consistent with Kissinger's brief status as a sex-symbol during the height of his political power within Washington DC circles.
