Medieval Astrology Profile for Andrew Kehoe

File History: Initial 23-Apr-2015; Tables updated 1-Jun-2016

Introduction to delineation of appearance and character in natal astrology. The following document is a hand-written analysis of **Andrew Kehoe**, using the principles of medieval predictive astrology. The discipline of natal astrology focuses on the fate of an individual based on a horoscope cast for the moment of birth. Within natal astrology, the 1st house occupying the eastern horizon at birth describes the native: physical vitality, appearance, and character. Between the Hellenistic and Medieval eras several specialized models were developed to assess these characteristics. They include **longevity** (vitality and length of life), **physiognomy** (form and shape of the face and body), **victor of the chart** (overall life purpose), **manners** (social conduct including ethical behavior), and **temperament** (elemental mix of fire, earth, air, and water with applications in medical astrology). Prior research has presented models and results for longevity (*A Rectification Manual: The American Presidency*, Chapter 4) and physiognomy (*Astrological Physiognomy: History and Sources* & *Astrological Physiognomy: Empirical Tests of the Leo Rising Decan*).

Victor of the Chart. Included are two competing models for computing the victor of the chart said to be the single most powerful planet in the horoscope. According to Plato's follower Porphyry, by configuration in the natal horoscope the planet signifying the victor of the chart shows the life choice made by the soul prior to incarnation. Plato explains the details of his soul model in *The Myth of Er* found in the closing pages of his work *The Republic*. Porphyry and his peer Antiochus offer specific rules for determining the victor of the chart. The method of Antiochus/Porphyry is compared to a later method for determining the victor suggested by the Jewish Rabbi Abraham ben Meir ibn Ezra, a philosopher and astrologer active in the 12th century. For a discussion of these two models, see the companion paper *Victor of the Chart: Testing Methods of Antiochus/Porphyry and Ibn Ezra*, which serves as a key to what is presented here.

Manners. Plato was not alone among Greek philosophers in conceiving models for the soul. Aristotle's model of vegetative, sensitive, and intellective soul levels (assigned respectively to the plant, animal, and human kingdoms) was taken up by Ptolemy, who found a correspondence between the sensitive and intellective soul and Moon and Mercury in the natal horoscope. Configuration of the Moon and Mercury, with special emphasis given to their rulers, is a second method for analyzing the soul. Ptolemy introduces this model in *Tetrabiblos III.13* "Of the Quality of the Soul." Subsequent authors refer to this model as "Significators of the Soul" or "Manners." A summary template for the Moon and Mercury is presented in the paper and will be further developed in future versions.

Andrew Kehoe (February 1, 1872 – May 18, 1927)

Despite fresh memories of school shootings at Columbine (1999), Virginia Tech (2007), and Sandy Hook (2012); the Bath School Disaster (1927) remains the largest single incident of school violence in American history. The final tally was 38 elementary school children killed; 6 adults killed; and at least 58 other people injured. The perpetrator was Andrew Kehoe who harbored a grudge against a school board which he believed imposed elevated taxes to support the new Bath Consolidated School whose expenses he deemed exorbitant. After killing and firebombing his wife and home and setting of timed explosives at the Bath Consolidated School at 8:45 a.m., Andrew Kehoe drove his truck to the scene of the school disaster. Drawing the attention of his nemesis School Superintendent Emory Huyck to the side of his vehicle, Kehoe proceeded to detonate his car killing himself, Huyck, and maiming others with a collection of meticulously prepared shrapnel in the back of his truck.

Describing Kehoe's motivations as an angry taxpayer hell-bent on revenge appears an oversimplification of Kehoe's life story which began as a child in a large family of 13 children. Death of his mother at the age of five was a blow considering Kehoe's subsequent displeasure with his new stepmother after his father remarried. When Kehoe was 14, his stepmother died from burns sustained from the explosion of the oil-based kitchen stove. His stepmother's injuries were exacerbated when Andrew threw a bucket of water on his stepmother which increased the severity of the fire and his stepmother's injuries. Though never proven, Andrew Kehoe was suspected as the stove's saboteur.

As a young adult Kehoe studied electrical engineering at Michigan State, and while not graduating, gained sufficient aptitude for professional work as an electrician in St. Louis for several years. In 1919 he returned to Michigan and started a new career as a farmer. Though handy with electrical and mechanical devices of all types, Kehoe had no talent as a farmer. Financial problems were evident with a failure to pay property taxes the last six years of his life as well as Kehoe's reliance on his wife's inheritance to sustain their lifestyle. With construction of the new Bath Consolidated School, an added tax burden fueled Kehoe's motives for a successful election bid as School Board member where he could exercise the right of citizen oversight over school finances as Treasurer. Petty grievances over school expenses with Superintendent Emory Huyck allegedly formed the basis of Andrew Kehoe's revenge plot against Huyck and the children at the Bath School.

Moon's Configuration

Time	**Moon's Sign**	**Moon's Configuration**
12:00 Midnight	Libra	Moon separates from Jupiter and is VOC
5:32 AM – 8:39 AM	Scorpio	Moon applies to Venus
8:39 – AM to 6:43 PM	Scorpio	Moon separates from Venus and applies to Mars
6:43 PM to Midnight	Scorpio	Moon separates from Mars and applies to the Sun

Kehoe's secretive revenge plot against Superintendent Emory Huyck is consistent with the Moon in Scorpio, not Moon in Libra. With no documentation supporting an above average sexual appetite, the application of the Moon to Venus can be safely ruled out. With significant evidence for disputes as a major life theme, the latter two Moon's configurations which include Mars are possibilities. With Mars/Pisces a classic significator for suicide bombers, the Moon's separation from Mars and application to the Sun makes most sense as Kehoe's murder-suicide plot ends his life in a blaze.

Maternus on the Moon from Mars to the Sun (Book IV 192). "If the Moon separating from Mars moves toward the Sun, it denotes the greatest bodily defects and illnesses, and it bestows a short time of life, and it makes the Natives to die violently, and in general it denotes the greatest inconveniences of misfortune."

Conclusion: Kehoe was born during evening nocturnal hours limiting the Ascendant to Virgo, Libra, or the first 3 degrees of Scorpio

Configuration of the Chart

Usually at this point in the rectification process I turn to Firdaria before considering the Moon's configuration. For Kehoe, there are an insufficient number of events which favor either diurnal or nocturnal Firdaria series. For this reason I turn to the Configuration of the Chart as the next method to help identify the Ascendant sign.

Kehoe's fastidious grooming habits (while working outside at his farm would go inside to change his shirt for a sweat stain – never dirtied his hands while farming – ran a tractor not in overalls but in a business suit) are a match to Virgo rising, with the degree range of 7VI00 – 16VI59 comprising the bound of Venus/Virgo most likely. In addition, Virgo rising matches the following life affairs:

- Moon/Scorpio in the 3rd ruling the 11th. Elementary school education is assigned to the 3rd house by modern astrology which is a house assignment I agree with. Kehoe's revenge plot was focused on elementary school education. The Moon's rulership of the 11th house of organizations and alliances shows another life affair pervaded by Kehoe's revenge – the school board to which he was elected.

- Lot of Fortune conjunct South Node in the 4th house of real estate. Shows some luck in matters of real estate (here Kehoe's farm property) which is ultimately destroyed by the South Node.

- Venus-Saturn-Mercury Capricorn stellium in the 5th. By derived houses, the 5th is the 2nd from the 4th, or income/money from real estate/farmland. Ascendant and Midheaven lord Mercury in the 5th shows these house affairs were central to Kehoe's entire life. Based on rulership alone we might conclude that Saturn/Capricorn in the sign of his dignity might realize affairs of this house in a positive fashion; however there are two problems which negate a positive reading for Kehoe's 5th house. First, since the South Node in the 4th diminishes/destroys the 4th to begin with; there is little money to be extracted from real estate via the 5th house. Second, Capricorn is not a fertile sign. We need look no further to see that Kehoe had no children to see evidence of a failed 5th house despite the fact that both Venus and Mercury as significators of children are placed in the 5th. In the same manner that Saturn prevents Venus and Mercury from granting children, Saturn also prevents income from real estate and farmland. How does Saturn do this? Accounts of Kehoe's farming practice mention obstacles such as stumps and boulders for which Kehoe routinely deployed dynamite and pyrotol for removal. This beneficial example of Kehoe's use of explosives occurs because Mars is the exalted ruler of Capricorn. Time and money spent on removal of stumps and boulders diverted funds from growing crops; the use of explosives may also have left chemical residue with negative impact on crop fertility (my speculation – not in biographical accounts).

Firdaria

For Kehoe, with Virgo rising, Firdaria can be used to provide additional confirmation of the proposed Virgo Ascendant.

North Node. 1-Feb-1911 to 31-Jan-1914. North Node/Gemini/10th ruled by Mercury/Capricorn/5th is consistent with the death of Kehoe's stepmother Frances on 17-Sep-1911 as the lord of the North Node, Mercury, is placed in the 5th which is 8th from the 10th, or death of the mother by derived houses. The fact that Mercury is also the Ascendant lord lends credence to suspicion that Kehoe tampered with the family's gas stove in order to kill his stepmother.

South Node. 1-Feb-1914 to 31-Jan-1916. South Node/Sagittarius/4th is consistent with the death of Kehoe's father on 8-Jan-1915 because the South Node destroys affairs of the 4th house (father).

Sun-Mercury. 11-Dec-1918 to 14-May-1920. Kehoe purchased his Bath home and farm property on 27-Mar-1919 and attempts to earn a living as a farmer. As stated earlier, one delineation of Mercury/5th is farm income/expenses. But there are others including Mercury's rulership of the 1st house which is 8th from the 6th or death of small animals or pets. During March 1920, Kehoe killed his neighbor's dog which Kehoe considered an annoyance after the dog trespassed on his property. (As an independent observation, it is worth noting that animal torture and killing is considered one early trait of serial killers by modern criminologists).

Venus-Mercury. 25-Mar-1927 to 15-May-1928. Kehoe perpetrated the Bath School Disaster on 18-May-1927. On first glance, this would not be an obvious delineation match to Kehoe's murder-suicide revenge plot – I would normally look for Mars to rule the major or minor subperiod for this event – and the failure of Mars to show up here is one of the main reasons why I did not rely on Firdaria earlier as a Stage I rectification method. However given the prior track record of Mercury to time evil events (rulership of the North Node timing his stepmother's death as well as killing his neighbor's dog) one simply cannot overlook Mercury as the primary source of Kehoe's evil spirit.

Physiognomy - sign

With Virgo rising, the three rulers of the Virgo decans – Virgo, Capricorn, and Taurus – are all placed in the sign of Capricorn. According to the rising decan physiognomy model I am using, this means that any degree of Virgo rising will yield a Capricorn appearance. The surviving photograph of Kehoe does demonstrate the ovate shape of Capricorn and helps confirm Virgo rising. But this is secondary evidence as any we could make the same argument for Libra rising with the three Libra decans of Libra, Aquarius, and Gemini ruled by the same set of planets.

Stage II. Determine the Ascendant's range within 1-4 degrees

Lots and Sensitive Degrees

For the 17-Sep-1911 death of his stepmother, the combination of transits and solar arcs to the angles confirmed by dynamic activity to the relevant Lot provides overwhelming evidence in favor of the final rectified Ascendant of 9VI13. As such this evidence is a combination of Stage II and III methods.

Lot of Mother. 3SC43/26AQ17
Lot of Death of Mother 25LE48/4TA12
(Notice contra-antiscia relationship between both lots)

Left figure (direct motion)
trMercury conj ASC
trMars conj MC
trSNode 2SC40 conj 1st lot, contra-antiscia 2nd lot.
d.s.a Saturn 25AQ33 conj antiscion of 1st lot, opposed 2nd lot

Right figure (converse motion)
c. trSaturn 9VI32 conj ASC
d.s.a Saturn 5VI21'28" conj IC partile (rectification is based on this measurement)
c. prog Moon 5GE26 conj MC

Lot of Father. 6LI04/23PI56
Lot of Death of Father. 2PI16/27LI44
For father's death 8-Jan-1915, d.s.a. Mercury 2PI22 conj 2nd lot (suggests Andrew's involvement)

© Copyright 2016. Regulus Astrology LLC. All Rights Reserved.

For the Bath School Disaster event, I typically look for measurements to the 12th house Mars-Saturn Lot of Accusation, Exile, and Injury for criminal activity. For Kehoe, trMars for the event just passed the 6th house Mars-Saturn lot named the Lot of Chronic Illness: 17CA31/12CP29

Besides trSaturn close to the 4th cusp of the natal horoscope, the other element worth noting is Mercury combust with both Sun and Mercury conjunct Algol. With Mercury the significator for Kehoe's evil spirit, this is consistent with Kehoe losing his head in a vicious attack. In fact Kehoe's head was separated from his body after Kehoe detonated explosives in his truck. His head landed relatively intact on the ground where it was positively identified by police.

Stage III. Determine the exact Degree and Minute of the Ascendant

Solar Arc Directions

(from above)

17-Sep-1911. *d.s.a. Saturn opposed MC.*
Death of Stepmother. (Saturn in 5th is 8th from the 10th, death of mother)

Primary Directions

PT	D	Venus/Sagittarius	P	Lot of Fortune d. => Moon	13-Sep-1911

17-Sep-1911. Death of stepmother, 17-Sep-1911. The only way this direction can be delineated as a timer of his stepmother's death is to take the Moon as the Mother (standard) and the Lot of Fortune in the 4th as a benefit to the home/family. Death of his stepmother in face 'cleared' the home of someone that Andrew Kehoe did not like. Note the Distributor for the direction is Venus/Sagittarius is a fire sign which is consistent the manner of death. Though Venus is a benefic, I have seen Venus/Sagittarius function as a killer of military men through friendly fire. If we take Kehoe as an inherently evil individual who took pleasure in killing his stepmother, it is not unreasonable to conclude from this direction that watching his stepmother on fire was a form of entertainment.

When I first looked at this horoscope in 2010, my initial rectification approach favored a slightly later Ascendant which timed the Bath School Disaster by the direction of the Moon to the Ascendant. As Moon-Ascendant directions are allowable as timers of death (because the Ascendant is the enemy of the Moon), this is one possibility and I cannot rule out this approach as an acceptable solution. Sticking with the proposed rectification, how is the Bath School Disaster timed?

Details of Kehoe's timeline show that during Winter 1925/1926 Kehoe was hired to eliminate an infestation of bees at the School which he did. After this event he was hired to do electrical repair and other maintenance as necessary for which he was given free access to the school on a 24/7 basis. We also know that his relationship with the local population deteriorated in the Spring of 1926 after he unsuccessfully ran for the office of township clerk. With these details in mind, consider the following:

PT	D	Venus/Pisces	P	Mars d. => Mercury	31-Jan-1926
PT	D	Venus/Pisces	P	Mars (l=MA) d. => Mercury	2-Feb-1926
PT	D	Venus/Pisces	P	Mars d. => Mercury (l=ME)	17-Feb-1926
PT	D	Venus/Pisces	P	Mars (l=MA) d. => Mercury (l=ME)	20-Feb-1926

These set of Mars-Mercury directions occurs at the time when Kehoe was first granted access to the school property. Based on the sophistication and amount of explosives placed in the school, Kehoe's revenge plot would have taken many weeks or months to execute. These directions suggest that Kehoe started wiring the school with explosives a full 15 months prior to the 18-May-1927 detonation. Mars-Mercury are the relevant significators with Mars signifying fire and Mercury signifying Kehoe's manual dexterity and skill as electrician necessary to properly wire the dynamite. As it turned out, approximately 500 pounds of dynamite remained unexploded.

Model Summary

Physiognomy

Ascendant sign: Virgo
Ascendant sign ruler: Mercury/Capricorn
Ascendant decan: Virgo
Ascendant decan ruler: Mercury/Capricorn
Planets/Nodes placed in the Ascendant sign or decan: n.a.

Longevity: 55y 3m 14d

Releaser and kadukhudhāh. Figure is nocturnal and Moon/Scorpio/3rd house of joy is acceptable as releaser. The two most likely rulers for consideration as kadukhudhah are Venus (bound ruler) and Mars (sign, nocturnal triplicity, and decan ruler). Do we take Mars in his nocturnal triplicity, angular in the 7th, and received by a retrograde Jupiter? or do we take Venus in her diurnal triplicity, in her house of joy, received by Saturn (direct)? This is not clear.

Mars: grants 66 major years, Venus adds 8 minor years and 45 middle years as months by sextile aspect with reception (exaltation, diurnal triplicity, and bound). Assume Jupiter/Cancer-rx cannot add years because Jupiter is retrograde. Net is 77.75 yrs. Too long.

Venus: grants 72 major years; Saturn deducts 30 minor years by conjunction; Mars deducts 15 minor years by sextile aspect with reception (exaltation and participating triplicity). Net is 37 yrs. Too short.

Alternate:

As Victor, take Jupiter/Cancer-rx as the kadukhudhah. Jupiter grants 79 major years. Mars cannot deduct years because reception by triplicity is insufficient to perfect reception by trine aspect. But Saturn deducts 30 minor years by opposition aspect. Net projection is 49yrs which is short. However consider that a month after Kehoe's 49th birthday on 1-Feb-1921, he made his last mortgage payment and on 22-Jul-1921 Bath township approved the decision to build Bath School. According to this approach, Kehoe was functionally dead at his 49th birthday.

Manners: Saturn-Mars, Mars-Venus, or Mars

Victor of the Chart: Jupiter/Cancer-rx

Ibz Ezra's method favors Mercury or Jupiter; Porphyry's Stage I identifies Mercury, Venus, or Jupiter. Jupiter/Cancer/retrograde can safely be ruled out – or should we keep it?

Kehoe is a tough case but if alternative longevity measurements based on Jupiter as victor are correct, this is a strong piece of evidence which favors Jupiter/Cancer-rx as victor.

If Jupiter, why Jupiter? Jupiter/Cancer is a classic significator for farming and real estate investment. Dynamic activity at the time of Kehoe's home and farm property purchase on 27-Mar-1919 confirms this delineation.

trJupiter makes its natal return to Cancer
trNorth Node/Sagittarius moves to 4th of real estate, temporarily reversing the negative natal placement of South Node in the 4th.
d.s.a. Jupiter crossed the Ascendant the prior year on 19-Jun-1918.
d.s.a. MC just coined Jupiter on 28-Feb-1919.

If Jupiter/Cancer signifies farming and real estate investment, then Jupiter/Cancer-retrograde signifies obstacles and failure for these life affairs. In addition the opposition aspect from Saturn obstructs Kehoe's farming and real estate investments. This configuration is consistent with Jupiter/Cancer-rx making Kehoe's life calling a "failed farmer and real estate investor." With Jupiter's rulership of Mars/Pisces which in turn rules the Moon/Scorpio, we can trace the path from a failed farmer (Jupiter/Cancer-rx) to explosives (Mars/Pisces) and the need for revenge (Moon/Scorpio).
