Medieval Astrology Profile for Oliver North

File History: Initial 14-Oct-2011; Technical Edit 9-Nov-2011; Fixed Star Correction, 22-Jan-2013; Tables Revised 23-Jun-2016

Introduction to delineation of appearance and character in natal astrology. The following document is a hand-written analysis of **Oliver North** made using the principles of medieval predictive astrology. The discipline of natal astrology focuses on the fate of an individual based on a horoscope cast for the moment of birth. Within natal astrology, the 1st house occupying the eastern horizon at birth describes the native: physical vitality, appearance, and character. Between the Hellenistic and Medieval eras several specialized models have been developed to assess these characteristics. They include **longevity** (vitality and length of life), **physiognomy** (form and shape of the face and body), **victor of the chart** (overall life purpose), **manners** (social conduct including ethical behavior), and **temperament** (elemental mix of fire, earth, air, and water with applications in medical astrology). Prior research has presented models and results for longevity (*A Rectification Manual: The American Presidency*, Chapter 4) and physiognomy (*Astrological Physiognomy: History and Sources* & *Astrological Physiognomy: Empirical Tests of the Leo Rising Decan*). This paper presents one of forty horoscopes chosen to populate an initial data set to investigate the victor.

Victor of the Chart. Included are two competing models for computing the victor of the chart said to be the single most powerful planet in the horoscope. According to Plato's follower Porphyry, by configuration in the natal horoscope the planet signifying the victor of the chart shows the life choice made by the soul prior to incarnation. Plato explains the details of his soul model in *The Myth of Er* found in the closing pages of his work *The Republic*. Porphyry and his peer Antiochus offer specific rules for determining the victor of the chart. The method of Antiochus/Porphyry is compared to a later method for determining the victor suggested by the Jewish Rabbi Abraham ben Meir Ibn Izra who was an active philosopher and astrologer in the 12th century. For a discussion of these two models, see the companion paper *Victor of the Chart: Testing Methods of Antiochus/Porphyry and Ibn Ezra* which serves as a key to what is presented here.

Manners. Plato was not alone among Greek philosophers in conceiving models for the soul. Aristotle's model of vegetative, sensitive, and intellective soul levels assigned respectively to the plant, animal, and human kingdoms was taken up by Ptolemy who found a correspondence between the sensitive and intellective soul and Moon and Mercury in the natal horoscope. Configuration of the Moon and Mercury, with special emphasis given to their rulers, is a second method for analyzing the soul. Ptolemy introduces this model in *Tetrabiblos III.13* "Of the Quality of the Soul*"*. Subsequent authors refer to this model as "Significators of the Soul" or "Manners". A summary template for the Moon and Mercury is presented in the paper and will be further developed in future versions.

Oliver North (October 7, 1943 – living)

A hero to conservatives and a nemesis of the left, Oliver North is remembered for his tenure as military attaché to the National Security Council from 1981 to 1986 during the Reagan administration where he was a key figure in the Iran-Contra arms-for-hostages scandal.

Born in San Antonio, Texas, North grew up in Philmont, New York, a small town dominated by wool mills for which his father worked after returning as a supply officer in Patton's Third Army during World War II. In the 9th grade North attended a private Catholic military school in Albany and graduated from Ockawamick High School in 1961. Initially considering a teaching career, after attending the Marine Corps Officer's training program at Camp Lejeune in the summer of 1962, North transferred from Brockport State College to Annapolis Naval Academy where he effectively began his military career in June 1963. Between graduation at Annapolis in 1968 and his NSC appointment in 1981, North was deployed in Vietnam where he earned Bronze and Silver Stars, engaged as a trainer at Quantico, worked for the Manpower Division at Marine Headquarters in Washington, and graduated from the Naval War College in June 1981. Two months later he reported for duty at the National Security Council. At NSC North arranged for support of the Nicaraguan Contras through diversion of funds earned by secret arms sales to the Iranians. In turn, the Iranians were to arrange for the release of hostages held by Islamic Jihad taken during the Lebanese Civil War. North's diversion of funds violated terms of the Boland Amendment signed December 1, 1982 which Congress initiated in order to stem the Reagan administration's support for the Contras. As it later became known, the Iran-Contra scandal started to unravel after the Nicaraguan Sandanistas shot down a Contra re-supply plane on October 6, 1986. A month later on November 3, a Lebanese magazine revealed the US had been selling arms to Iran. Iran-Contra was the largest scandal to hit Washington since Nixon’s Watergate.

By the time the Iran-Contra hearings began in the summer of 1987, Oliver North had engineered a complete makeover of his public image. No longer was he a renegade cowboy; only a dutiful executor of strategies made to be a scapegoat by his superiors unwilling to admit wrongdoing. North's Senate testimony beginning July 7, 1987 was one of the most memorable performances ever given by a defendant in the Senate Caucus Room. Watched by millions of Americans, Oliver North portrayed himself as an unapologetic God-and-Country patriotic American which made him a national hero to the conservative political movement. Tried the following year for sixteen felony counts, North was found guilty on three which were later vacated with help of the ACLU. Attempting to parlay his popularity with conservatives, North attempted a run at a Virginia Senate seat in 1994. His efforts were squashed by both Ronald and Nancy Reagan who publicly accused North of being a liar.

In recent years, Oliver North has written a number of fiction and non-fiction books whose plots are based on wartime heroism. Since September 30, 2001, he has hosted the military history "War Stories with Oliver North" television program on the Fox News channel.

Stage I: Determine the Ascendant Sign.

Firdaria.

A quick of check of the following Firdaria periods confirms North's nativity as nocturnal.

Mars-Jupiter. 7-Oct-1981 to 6-Oct-1982. North reported for duty at NSC on 4-Aug-1981 slightly before the onset of the Jupiter subperiod. Jupiter/Leo is a very aggressive and strong planet/sign combination, amplified by its conjunction to the North Node. Biographer Bradlee reports that after starting his NSC post North ingratiated himself with those in power seamlessly – personalities ranging from Henry Kissinger to Supreme Court justices. Powerful (Leo) Supreme Court Justices (Jupiter) is one delineation of the Jupiter/Leo combination and matches events from this subperiod.

North Node Period. 7-Oct-1982 to 6-Oct-1985. As delineated in *America is Born: Introducing the Regulus USA National Horoscope*, another delineation of Jupiter/Leo is state supported religion (p. 162). Oliver North is well known for his "God-and-Country" style of patriotism which is a delineation match. Although the North Node period is not the Jupiter Leo period, because they are conjunct, the North Node amplifies effects of Jupiter/Leo so we should see similar events as found in the prior Mars-Jupiter subperiod. In fact during this period, Oliver North amplifies his Gold-and-Country patriotic duty to the Nicaraguan Contras during this period despite passage of both Boland Amendments.

© Copyright 2016. Regulus Astrology LLC. All Rights Reserved.

Because the North Node is ruled by Sun/Libra, we should also consider the Sun's role in the North Node's amplification. The most logical delineation match is assigning the Sun to Oliver's North NSC boss Robert McFarlane given McFarlane's term as NSC head from 17-Oct-1983 to 4-Dec-1985 closely matches the duration of the North Node period. McFarlane was a key player in Iran Contra who urged arms sales to the Iranians. For North, McFarlane was an enabler for the expansion of what North viewed as his patriotic duty to support the Contras. Sun/Libra in detriment is a weak Sun placement – it accounts explains why McFarlane could not contain North making McFarlane an effective 'enabler'. Sun/Libra disposed by Venus/Virgo also predisposes McFarlane to illicit fund transactions.

South Node Period. 7-Oct-1985 to 6-Oct-1987. The period opens with McFarlane urging Reagan to end arms shipments to Iran in late 1985 prior to McFarlane's resignation on 5-Dec-1985. In the fall of 1986 news of the Iran-Contra scandal leaked to the Press and all the events which North participated in during the North Node period were reversed. This is typical behavior for the North Node and South Node as Firdaria rulers which by definition are opposed.

Physigonomy. Oliver North's strong vitality and celebrity demeanor down to the "shine" on his face during his Senate testimony strongly suggest a Leo influence over physiognomy. Leo rising is consistent with this delineation. Using Willner's facial shape models, North's face is a match to the compressed ovate for Libra. Sun/Libra ruling the Leo Ascendant is additional testimony for a Leo Ascendant.

<u>Configuration of the Chart</u>

Moon/Capricorn in the 6th of illness ruling the 12th of hospitalization is a delineation match to North's knee injury on 22-Feb-1964. As ruler of the 12th, Moon/Capricorn is also North's evil spirit which infects him as the ruler of the 12th in the 6th is one traditional testimony for bewitchment. As a planet/sign combination, Moon/Capricorn signifies the need for status, often military as in North's case, because Capricorn is the sign were Mars is exalted. Because North feared records of his knee injury would prevent him from active duty service, North illegally broke in to the records office and eliminated any mention of his knee injury from his naval records.

Lot of Fortune in the 10th provides North monetary benefit from his own career and reputation. Ruled by Venus/Virgo/2nd (best delineated as illicit financial transactions including drug dealing), North is the "go to guy" for arranging illicit monetary transactions. Note the South Node occupies Fortune 10 so these gains are destroyed – during the South Node Firdaria period as it turned out.

Conclusion: Choose Leo as the rising sign

Stage III: Determine the exact Degree and Minute of the Ascendant.

For this rectification I am skipping Stage II.

Primary Directions

REG	D	Venus/Scorpio	P	opposition LOF d. => Sun	24-Feb-1969

Awarded the Bronze Star, 22-Feb-1969. Note that bronze is a copper alloy and copper is assigned to Venus. Mars-ruled Scorpio pertains to the military. Lot of Fortune is consistent with a professional award for its placement in the 10th of career. Sun signifies fame.

PT	D	Venus/Aquarius	P	South Node d. => Moon (l=MO)	22-May-1969

Awarded the Silver Star, 25-May-1969. The same logic for the Bronze Star does not work here. However one can interpret the South Node in 7th as destruction of open enemies and its direction to the Moon as a risk to one's health in the act of destroying open enemies.

PT	D	Mercury/Cancer	P	dex. square Sun d. => Mars (l=MA)	20-Jul-1969

On 28-Jul-1969, North faced his closest brush with death when he was hit with shrapnel in the back of his legs. Note placement of the distributor in the 12th house.

REG	D	Venus/Pisces	P	dex. sextile MC d. => South Node	13-Dec-1974

On 16-Dec-1974, North entered Bethesda Naval Hospital for "emotional distress" and stayed 22 days to January 7. North was apparently found naked, drunk, running around in his house threatening suicide. A drunken suicide rampage is consistent with the distributor Venus/Pisces placed in the 8th house of death.

PT	D	Venus/Gemini	P	dex. trine Sun d. => MC	28-Jun-1978

Promoted to Major, 1-Jul-1978. Consistent with delineation of the Sun as honors.

Directions Associated with the Iran-Contra Scandal

REG	D	Saturn/Aquarius	P	dex. trine Saturn (l=SA) d. => Moon	25-May-1986

The first Americans to arrive in Tehran since the 1979-1981 hostage crisis, Oliver North and Robert McFarlane arrived in Tehran with an arms shipment on 25-May-1986 a month after the bodies of hostages Peter Kilburn (American), Leigh Douglas (British), and Philip Padfield (British) were found. A stressful time for Oliver North who was the target of a Congressional inquiry by Texas Democrat Ronald Coleman. On 4-Jun-1986, McFarland sent a memo to Poindexter recommending North take a leave of absence because of stress.

PT	D	Mars/Gemini	P	Mars d. => LOF	28-Oct-1986
PT	D	Mars/Gemini	P	Mars (l=MA) d. => LOF	12-Nov-1986
REG	D	Mars/Gemini	P	Mars d. => LOF	13-Nov-1986
REG	D	Mars/Gemini	P	Mars (l=MA) d. => LOF	27-Nov-1986

On 28-Oct-1986, 500 TOW missiles were delivered to Iran. This occurred between the 6-Oct-1986 shoot down of the Contra re-supply plane by the Sandanistas and the 3-Nov-1986 Lebanese magazine bombshell which revealed the US-Iranian arms deals. On 10-Nov-1986, Reagan convened a meeting of his advisors to determine what kind of statement he should make. Reagan's 13-Nov-1986 speech and 19-Nov-1986 press conferences were disasters, in part because of the large amount of disinformation fed to Reagan by Oliver North; consistent with delineation of Mars/Gemini as lies. Reagan fired North on 25-Nov-1986 as the series of Mars-LOF directions concluded.

Directions associated with Failed Senate Campaign

PT	D	Saturn/Gemini	P	Saturn d. => LOF	3-Oct-1994
PT	D	Saturn/Gemini	P	Saturn (l=SA) d. => LOF	11-Oct-1994
REG	D	Saturn/Gemini	P	Saturn d. => LOF	20-Oct-1994
REG	D	Saturn/Gemini	P	Saturn (l=SA) d. => LOF	25-Oct-1994

In the weeks immediately prior to the 8-Nov-1994 Congressional midterm elections for which North was a candidate for the Virginia Senate seat, Nancy Reagan assailed North's credibility by calling him a liar in an interview with Charlie Rose at the 92nd Street Y in Manhattan on 27-Oct-1994. A NYT article "The 1994 Campaign: Virginia; Mrs. Reagan Denounces Oliver North on Iran Affair", October 29, 1994, indicates the North campaign had been dealing with "corrections and clarifications of Mr. North's statements…especially in the last three weeks" which matches the timing of this set of directions.

Model Summary

(for model details see www.regulus-astrology.com/research.html)

Physiognomy

Ascendant sign: Leo
Ascendant sign ruler: Sun/Libra
Ascendant decan: Sagittarius
Ascendant decan ruler: Jupiter/Leo

The compressed ovate shape of North's head is a delineation match to Libra in Willner's facial shape model. Sun/Libra as Ascendant ruler is North's physiognomy significator. On first glance I do not see the influence of decan ruler Jupiter/Leo on physiognomy though from a psychological standpoint, North is one who wears his God and Country religious beliefs "on his sleeve" for all to see. His face also shines in the spotlight which emphasizes his flamboyant behavior.

Longevity: (living)

Releaser and kadukhudhāh. Figure is nocturnal and Moon is preferred yet disallowed for placement in the cadent 6th house. Next candidate is the Sun which is disallowed for placement in the 3rd which is opposite his house of joy. For a conjunctional figure, next candidate is the Ascendant which passes muster because nocturnal triplicity and decan ruler Jupiter is conjunct the Ascendant and participating triplicity Saturn aspects by sextile. Closer to the Ascendant degree and the nocturnal triplicity ruler of fire, Jupiter is the logical *kadukhudhāh*.

Victor of the Chart: Jupiter/Leo

Ibn Ezra's method suggests Venus and Saturn. Porphyry's expanded Stage I criteria add Mercury and Jupiter. For this laundry list, Jupiter is hard to miss: Jupiter is the in-sect nocturnal triplicity ruler of fire, is placed angular in the 1st house, is oriental and in the strongest possible solar phase condition, is received by the Sun, and is further amplified by conjunction to the North Node. As discussed in the rectification section, Jupiter/Leo signifies North's "God and Country" style of patriotism.

Updated comment for 23-Jun-2016. Also in favor of Jupiter is that Jupiter rules the Lot of Spirit by bound and is placed 10 signs from the Lot of Spirit. Given how many times a planet placed 10 signs from the Lot of Fortune proves to be the victor, North is a good example of how this principle applies to the Lot of Spirit.
