Medieval Astrology Profile for Adolph Hitler

Introduction to delineation of appearance and character in natal astrology. The following document is a hand-written analysis of **Adolf Hitler** made using the principles of medieval predictive astrology. The discipline of natal astrology focuses on the fate of an individual based on a horoscope cast for the moment of birth. Within natal astrology, the 1st house occupying the eastern horizon at birth describes the native: physical vitality, appearance, and character. Between the Hellenistic and Medieval eras several specialized models have been developed to assess these characteristics. They include **longevity** (vitality and length of life), **physiognomy** (form and shape of the face and body), **victor of the chart** (overall life purpose), **manners** (social conduct including ethical behavior), and **temperament** (elemental mix of fire, earth, air, and water with applications in medical astrology). Prior research has presented models and results for longevity (*A Rectification Manual: The American Presidency*, Chapter 4) and physiognomy (*Astrological Physiognomy: History and Sources* & *Astrological Physiognomy: Empirical Tests of the Leo Rising Decan*). This paper presents one of forty horoscopes chosen to populate an initial data set to investigate the victor.

Victor of the Chart. Included are two competing models for computing the victor of the chart said to be the single most powerful planet in the horoscope. According to Plato's follower Porphyry, by configuration in the natal horoscope the planet signifying the victor of the chart shows the life choice made by the soul prior to incarnation. Plato explains the details of his soul model in *The Myth of Er* found in the closing pages of his work *The Republic*. Porphyry and his peer Antiochus offer specific rules for determining the victor of the chart. The method of Antiochus/Porphyry is compared to a later method for determining the victor suggested by the Jewish Rabbi Abraham ben Meir Ibn Izra who was an active philosopher and astrologer in the 12th century. For a discussion of these two models, see the companion paper *Victor of the Chart: Testing Methods of Antiochus/Porphyry and Ibn Ezra* which serves as a key to what is presented here.

Manners. Plato was not alone among Greek philosophers in conceiving models for the soul. Aristotle's model of vegetative, sensitive, and intellective soul levels assigned respectively to the plant, animal, and human kingdoms was taken up by Ptolemy who found a correspondence between the sensitive and intellective soul and Moon and Mercury in the natal horoscope. Configuration of the Moon and Mercury, with special emphasis given to their rulers, is a second method for analyzing the soul. Ptolemy introduces this model in *Tetrabiblos III.13* "Of the Quality of the Soul". Subsequent authors refer to this model as "Significators of the Soul" or "Manners". A summary template for the Moon and Mercury is presented in the paper and will be further developed in future versions.

Adolf Hitler (April 20, 1889 – April 30, 1945)

Gifted with the ability to stir crowds to action, Adolf Hitler's meteoric rise from homelessness to Chancellor of Germany and victorious military leader of Nazi Germany was rivaled only by the speed of collapse following Stalingrad which ultimately led to suicide by gunshot. The conditions under which a person like Hitler can rise to such heights on the geopolitical stage is a question which humanity continues to struggle with. Demonization of his enemies, primarily the Jews, led to a program of extermination which was the largest systematic planned genocide during the 20th century.

Born to a middle class Austrian family, Hitler grew up in a family dominated by an authoritarian father who opposed Adolf's interest in art as a profession and favored Adolph following his footsteps as a career civil servant. His mother was more kind to Adolf, to the point of smothering, but submissive and unable to exert a counterbalancing force against his father. His father's sudden death from a heart attack when Hitler was 13 was a relief, but his mother's death from breast cancer at age 18 devastated Hitler. Hitler felt close to achieving his dream of becoming an artist with his first years in Vienna, financed by a small family inheritance. His failed entry exam to a Vienna Art Institute in early October 1907 came as a shock. This was compounded by news that his mother's cancer was terminal received the same month. The combination of the failed art exam and his mother's death in December 1907 was a double blow from which Hitler slid into a period of homelessness.

The assassination of Archduke Ferdinand on July 28, 1914 was a signal event which allowed Hitler a military career during World War I. Hitler's WWI service included an assignment as a dispatch runner who conveyed orders from the command post to the field. He was considered a successful soldier, won the Iron Cross first class for bravery, and survived wartime carnage which decimated other men in his ranks. Germany's surrender was a painful moment for Hitler, enlarged by Allied demands for war reparations which would financially cripple Germany and ultimately lead to Hitler's rise to political power in the 1930s.

Hitler's measure of political popularity was directly tied to the economic condition of post-WWI Germany. Hitler's first phase of popularity paralleled the hyperinflation of the Weimar Republic from 1921 to 1923 culminating with the unsuccessful Munich Beer Hall Putsch on November 8, 1923. Far from fading into a figure of irrelevance, Hitler used prison time in 1924 to compose *Mein Kampf* and to consolidate his control of competing political factions. Hitler bided his time until the stock market crash of 1929 signaled it was ready to proceed with aggressive efforts to advance to the German national political stage. By the early 1930s, use of capitalists, communists, and Jews as scapegoats found a welcome reception in Depression era Germany who like most countries saw a surge in unemployment. The rest is history.

Hitler's political career closely followed his rival Franklin Roosevelt. Hitler's appointment to Chancellor of Germany on January 30, 1933 and the burning of the Reichstag on February 27, 1933 correspond to the inauguration of Franklin Roosevelt on March 4, 1933. FDR died of a cerebral hemorrhage on April 12, 1945. Three weeks later, Hitler was dead.

We are fortunate that enough time has passed since Hitler's death that scholars have had ample time to distinguish fact from rumors, myths, and folktales. Available Birth Data

Astrodatabank lists an AA-rated birth time of 6:30 PM with source notes citing records from Hitler's church which kept records for birth and christening. The astrologer Wilhelm Wulff used by Nazi SS leader by Heinrich Himmler cast a horoscope for 6:03:53 PM, a record of which exists; for more details, see *Zodiac and Swastika: How Astrology Guided Hitler's Germany* by Wulff (1973). Taking Wulff's time as a point of departure, primary Directions specialist Rumen Kolev made a slight modification and moved the time to 6:03:27 PM (see *Primary Directions I* by Rumen Kolev).

Comments on this Horoscope and Rectification

Often the occurrence of tragedy triggers an interest in philosophy, religion, and the occult in order to seek an answer to the question: Why? For this reason, the horoscope of Adolf Hitler has been subject to intense scrutiny by twentieth century astrologers. Within the specialty of traditional astrology, Hitler is often used as an example of how malefics in bad zodiacal state are consistent with Hitler's unique form of evil (see *The Real Astrology* by John Frawley, Apprentice Books, 2001). Yet to date no one within traditional astrology has systematically questioned the reliability of Hitler's birth data. For myself, Hitler's horoscope is no different than any other: the same rules of rectification apply. Perhaps more so than any other horoscope, Hitler's nativity demonstrates the power of the three stages of rectification proposed in *A Rectification Manual*. The first stage is devoted to choosing the correct Ascendant by employing robust techniques like Firdaria, the Moon's separation/application, Directing by Triplicity, and Configuration of the Chart. As I will demonstrate, a simple review of Hitler's life affairs against both diurnal and nocturnal Firdaria series rejects Libra rising because Hitler's life affairs are a better match to the nocturnal Firdaria series, making an Ascendant of the 1st degree of Scorpio the earliest possible Ascendant for a birth time following sunset.

Diving deeper into the horoscope, it becomes necessary to specify each planet to a specific theme in Hitler's own life in order to match events to times predicted by a directing each planet to the angle. This can be done in a general way, relying more on the planet's universal characteristics, without recourse to house placement or known Ascendant. Saturn/Leo is a political signature for totalitarianism with Saturn contributing control, discipline, and censure to Leo's flamboyance and spectacle. Mars is the universal significator of military personnel; for Hitler this would include the S.S. In addition, Mars/Taurus is a style of anger which is contained for a long time period until it erupts violently; a.k.a. the 'raging bull.' Jupiter/Capricorn signifies naked ambition; specifically

schemes and goals whose outward appearance may suggest vitality but whose internal construction is wholly rotten. Venus/Taurus signifies *Capitalism and the Jews*, a connection which is sensitively explored by the Jewish author Jerry Muller in a book of the same name (Princeton University Press, 2010). Mercury/Aries signifies military strategy and is a specific match to Hitler's own WWI service as a military messenger.

Stage I. Determine the Ascendant sign

Firdaria.

Saturn-Sun. 6-Jan-1903 to 2-Aug-1904. Death of Father, 3-Jan-1903.

Saturn-Moon. 25-Sep-1907 to 19-Apr-1909.
Failed Art Exam, early October 1907 and Death of Mother, 21-Dec-1907.

Note: Death of Father and Mother within 4 days of the start of the relevant minor Firdaria for parents (Sun/Father & Moon/Mother) is shockingly accurate! This is a significant finding.

Jupiter-Jupiter. 20-Apr-1909 to 5-Jan-1911. Homeless. For a Scorpio Ascendant, Jupiter is placed in the 3rd house, cadent, or "falling away" from the 4th of home. What happens when one "falls away" from his home? One is homeless.

Mars-Mars. 20-Apr-1921 to 19-Apr-1921. Storm Troopers created, October 1921.

North Node. 20-Apr-1928 to 19-Apr-1931. For a nocturnal figure, North Node is preferred in the 3rd house, where the sect light has her joy. North Node in the 9th for a nocturnal figure reverses the ideal placement and corrupts 9th house affairs of law, religion, and faith; especially considering sign ruler Moon is in detriment and exalted ruler Jupiter is in his fall. An example of Hitler's manipulation of the law during this period was his 25-Sep-1930 court appearance in a Nazi treason trial to state he would take power only legally following German elections of 14-Sep-1903 when the Nazis won 18% of the vote. These statements legitimized Hitler before a greater share of the German populace; they were of course wholly false.

© Copyright 2016. Regulus Astrology LLC. All Rights Reserved.

South Node. 20-Apr-1931 to 19-Apr-1933. South Node in the same sign as the Moon and Jupiter predict diminished significations of both planets. Death of Hitler's niece Geli Raubal, apparent suicide by gunshot, was a significant loss to Hitler and is consistent with harm to the Moon. As to Hitler's naked ambition signified by Jupiter/Capricorn, German party leaders stymied Hitler's desire to be seated at a high level in the government. In a 13-Aug-1932 meeting, Hindenberg said no to Hitler's aims, offering Hitler only the vice chancellorship which he rejected. This rebuttal signified one of Hitler's largest political defeats.

Sun-Sun. 20-Apr-1933 to 23-Sep-1934.
Hitler's appointment to Chancellor of Germany on 30-Jan-1933 and functional full dictatorship with the Enabling Act of 27-Mar-1933 occur immediately prior to the start of Hitler's major Sun period.

Venus-Venus. 20-Apr-1943 to 9-Jun-1944. Warsaw Ghetto Uprising dated from 18-Jan-1943 but was most active from 19-Apr to 16-May-1943. A match to Venus delineated as Jews ruling the 12th of secret enemies in the 7th of conflict.

Moon's Configuration. From Sunset to 9:11:55 PM the Moon applies to Jupiter; after this time the Moon separates from Jupiter and applies to Venus for the remaining hours of April 20. The Moon's application to Jupiter is consistent with Hitler's desire for grandiose schemes and naked ambition. Were the second configuration active, it would suggest that Hitler would abandon his political schemes and focus more on destruction of the Jews as he aged. Certainly the latter is true, but destruction of the Jews was for Hitler only the means to an end – his naked ambition for political power – which he never gave up. The first configuration, the Moon applying to Jupiter, is probably the correct configuration.

Conclusion: The Moon's application to Jupiter limits Hitler's birth time from 6:52:44 PM to 9:11:55 PM, or an Ascendant range of 00SC49 to 26SC15. Hitler's Ascendant is Scorpio rising.

Stage II. Determine the Ascendant's range within 1-4 degrees

Physiognomy. Rulers of the three rising decans of Scorpio are

(1) Scorpio: Mars/Taurus
(2) Pisces: Jupiter/Capricorn
(3) Cancer: Moon/Capricorn

Shape of Hitler's face should either conform to the soft rectangular (Taurus) or the ovate (Capricorn). I find the soft rectangular a better match; in addition the cropped mustache has become so synonymous with Hitler's rage that it has become a caricature of an explosive style of anger; a match to Mars/Taurus as ruler of the rising decan.

Conclusion: Hitler's Ascendant can be narrowed to the first decan of Scorpio. This limits the birth time from 6:52:44 PM to 7:43:109 PM.

Annual Profections.

The following profections are computed for the final rectified time and suggest an Ascendant very shortly after sunset no later than the third degree of Scorpio.

Recall the delineation of Saturn/Leo: a political signature for totalitarianism with Saturn contributing control, discipline, and censure with Leo's flamboyance and spectacle. What can be a better example of this planet/sign combination than the annual Nazi Party rallies held in Nuremberg?

11-Sep-1934. *Profected Ascendant = Saturn*. Nuremberg rally, 9-Sep-1934.

Held in the fall around the same time, the Nuremberg Rallies are a good example of how annual profections impart seasonality to life events (see *A Rectification Manual*, p. 11). This particular Nuremberg rally was the subject of the propaganda film *Triumph of the Will* which is considered one of the most successful propaganda films of the 20th century. Inclusion of the word 'Will' in the film's title is an important clue which confirms Saturn/Leo as victor of the chart. Some astrological authors in fact used the term 'will' as the concept to describe the victor.

17-Oct-1919. *Profected Ascendant = Mars*. German Worker's Party speech, 17-Oct-1919.

Hitler's first major speech as a 'Beerhall Agitator' for the German Worker's Party was 17-Oct-1919. Significant to this event was the attendance of Ernst Rohm, who would soon found the Nazi Party militia known as the Storm Battalion (SA). Rohm's bulldog facial and body appearance is similar to Hitler's own physiognomy; a subtle reinforcement of Mars/Taurus as ruler of the rising decan.

12-Oct-1921. *Profected Ascendant = North Node*. Warned of expulsion from Bavaria, 16-Oct-1921.

Immediately after formation of the Storm Battalion whose functions included disrupting political meetings, Hitler was warned of expulsion from Bavaria on 16-Oct-1921 should he continue disruptions. This event is a match to North Node/9th as bad faith; more specifically, an increase in (bad) publicity from legal and judicial branches of government.

12-Oct-1921. *Profected Ascendant = North Node*. Germany left League of Nations, 19-Oct-1933.

Fast forward another 12 years and Hitler demonstrates a very public act of his bad faith by leaving the League of Nations on 19-Oct-1933.

Stage III. Determine the exact Degree and Minute of the Ascendant

REG	D	Saturn/Leo	P	MC d. => North Node	29-May-1913

On 24-May-1913, Hitler moved to Munich to escape Austrian military service. The 9th house is the house of foreign travel, pilgrimages, and career sabbaticals. With a bad delineation for 9th house affairs, for Hitler, the direction times Hitler's escape from the law.

PT	D	Venus/Cancer	P	opposition Jupiter c. => MC	27-Oct-1923

Equivalent of directing Jupiter to the IC, end of the matter, by converse motion; this direction is a match to an unsavory plot for political advance (Jupiter/Capricorn) which fails (4th). The direction falls immediately before Hitler's unsuccessful Munich Beer Hall Putsch of 7-Nov-1923.

REG	D	Mercury/Virgo	P	dex. ASC d. => North Node	4-Apr-1931

Following a revolt from the Berlin SA leadership who seized control of a newspaper and published an article on Hitler as a demagogue on 2-Apr-1931, Hitler responded with his own article on 4-Apr-1931 and the revolt quickly crumbled. Note the Distributor falls in the 11th house of political alliances.

PT	D	Mercury/Virgo	P	dex. sextile ASC d. => North Node	15-Apr-1932

The same direction as before, computed by Ptolemy's method. Timed start of Hitler's second 'Germany Flight' political campaign on 16-Apr-1932 which included 25 major speeches in various German provinces.

PT	D	Mercury/Scorpio	P	opposition Mars (l=MA) c. => Moon (l=MO)	30-Apr-1945

Committed suicide by gunshot to the head, 30-Apr-1945. This is the most logical arcus vitae.

Model Summary

(for model details see www.regulus-astrology.com/research.html)

Physiognomy

Rising sign – Scorpio
Ruler of rising sign – Mars/Taurus
Rising decan – Scorpio
Ruler of rising decan – Mars/Taurus

As discussed in Stage II rectification, Hitler's face is consistent with the soft rectangular shape of Taurus in Willner's model. The rage of Mars/Taurus is reflected in the iconic cropped mustache.

Longevity: 56y 0m 9d

Releaser and kadukhudhāh. Figure is nocturnal and Moon in the 3rd house of her joy qualifies as releaser but her conjunction to the South Node within 11 degrees raises questions. If not the Moon, then Sun angular in the 7th is acceptable. Using the arcus vitae as evidence (opposition Mars c. => Moon), the Moon is confirmed as the empirical releaser despite the Moon's conjunction with the South Node. Hitler lived just short of Saturn's 57 major years. Saturn conjunct the MC is the *kadukhudhāh*.

Victor of the Chart: Saturn/Leo

Both Ibn Ezra and Porphyry's Stage I identify Saturn as the strongest candidate for VOC. Ibn Ezra favors Mars as the next most powerful candidate where Porphyry lists Venus. Though Saturn is the out-of-sect malefic, occidental, and in the sign of his decline; Saturn is nonetheless the most elevated planet in the figure, closely conjunct the MC degree in the MC's own sign and bound and most importantly has just passed his direct station. Saturn/Leo ruling the 4th of homeland in the 10th of the King signifies Hitler's rise as a totalitarian (Saturn/Leo) and opposition party leader (4th house opposed to 10th house of the King signifies the King's opposition). There is no question that Hitler's VOC is Saturn/Leo; confirmed by Saturn's 57 major years to denote Hitler's lifespan.

Manners. Saturn, Jupiter, Mars, or Venus. Probably Saturn-Mars.
