Medieval Astrology Profile for George Hennard

V.1 August 28, 2016 (Longevity, Physiognomy, Victor of the Chart, Manners)

Introduction to delineation of appearance and character in natal astrology. The following document is a hand-written analysis of **George Hennard**, using the principles of medieval predictive astrology. The discipline of natal astrology focuses on the fate of an individual based on a horoscope cast for the moment of birth. Within natal astrology, the 1st house occupying the eastern horizon at birth describes the native: physical vitality, appearance, and character. Between the Hellenistic and Medieval eras several specialized models were developed to assess these characteristics. They include **longevity** (vitality and length of life), **physiognomy** (form and shape of the face and body), **victor of the chart** (overall life purpose), **manners** (social conduct including ethical behavior), and **temperament** (elemental mix of fire, earth, air, and water with applications in medical astrology). Prior research has presented models and results for longevity (*A Rectification Manual: The American Presidency*, Chapter 4) and physiognomy (*Astrological Physiognomy: History and Sources* & *Astrological Physiognomy: Empirical Tests of the Leo Rising Decan*).

Victor of the Chart. Included are two competing models for computing the victor of the chart said to be the single most powerful planet in the horoscope. According to Plato's follower Porphyry, by configuration in the natal horoscope the planet signifying the victor of the chart shows the life choice made by the soul prior to incarnation. Plato explains the details of his soul model in *The Myth of Er* found in the closing pages of his work *The Republic*. Porphyry and his peer Antiochus offer specific rules for determining the victor of the chart. The method of Antiochus/Porphyry is compared to a later method for determining the victor suggested by the Jewish Rabbi Abraham ben Meir ibn Ezra, a philosopher and astrologer active in the 12th century. For a discussion of these two models, see the companion paper *Victor of the Chart: Testing Methods of Antiochus/Porphyry and Ibn Ezra*, which serves as a key to what is presented here.

Manners. Plato was not alone among Greek philosophers in conceiving models for the soul. Aristotle's model of vegetative, sensitive, and intellective soul levels (assigned respectively to the plant, animal, and human kingdoms) was taken up by Ptolemy, who found a correspondence between the sensitive and intellective soul and Moon and Mercury in the natal horoscope. Configuration of the Moon and Mercury, with special emphasis given to their rulers, is a second method for analyzing the soul. Ptolemy introduces this model in *Tetrabiblos III.13* "Of the Quality of the Soul.*"* Subsequent authors refer to this model as "Significators of the Soul" or "Manners." A summary template for the Moon and Mercury is presented in the paper and will be further developed in future versions.

George Hennard (October 15, 1956 – October 16, 1991)

He killed 23 and wounded 20 before shooting himself in the head when confronted by police. One of America's worst spree killings.

Stage I. Determine the Ascendant sign

Firdaria

The following event suggests the diurnal Firdaria series is correct:

Violent acts are consistent for both Mars subperiods:

Mercury-Mars. *20-Mar-1982 to 26-Jan-1984*. Assaulted African-American crewman in racially-charged incident, 20-May-1982, which resulted in suspension of seaman’s papers.

Moon-Mars. *24-Aug-1991 to 4-Dec-1992*. Luby’s spree shooting, 16-Oct-1991.

Melancholy and Criminal delusions were strong themes of a Saturn subperiod.

Moon-Saturn. *27-Jan-1989 to 10-May-1990*. Charged with drug use 8-Jun-1989, completed drug treatment program but seaman’s papers were revoked after administrative hearing 17-Oct-1989. During appeal listened repeatedly to the song “Don’t Take me Alive” by Steely Dan about a barricaded killer holding off police. Echoed final delusions and Luby’s spree killing.

Agents of the law
Luckless pedestrian
I know you're out there
With rage in your eyes and your megaphones
Saying all is forgiven
Mad dog surrender
How can I answer
A man of my mind can do anything

I'm a bookkeeper's son
I don't want to shoot no one
Well I crossed my old man back in Oregon
Don't take me alive
Got a case of dynamite
I could hold out here all night
Yes I crossed my old man back in Oregon
Don't take me alive

Can you hear the evil crowd
The lies and the laughter
I hear my inside
The mechanized hum of another world
Where no sun is shining
No red light flashing
Here in this darkness
I know what I've done
I know all at once who I am

I'm a bookkeeper's son
I don't want to shoot no one
Well I crossed my old man back in Oregon
Don't take me alive
Got a case of dynamite
I could hold out here all night
Yes I crossed my old man back in Oregon
Don't take me alive

Moon's Configuration

For all diurnal hours, the Moon separates from Saturn and applies to Venus. The Moon's configuration will not be useful for Stage I rectification.

Physiognomy

Hennard's face has two distinctive characteristics:

- Hair is black and wavy, sometimes long
- Lower jaw is broad giving shape of face a square or rectangular shape

The first feature is consistent with Saturn/Sagittarius the physiognomy significator for Hennard's face. The second feature is consistent with either the Ascendant degree sign/decan itself in a fixed sign or the ruler of the Ascendant degree sign/decan in a fixed sign. With no planets in fixed signs, odds favor the Ascendant sign/decan itself is placed in a fixed sign. For diurnal hours there are two possibilities: Scorpio and Aquarius. Because Aquarius is a Saturn-ruled sign and the first feature indicates Saturn/Sagittarius a physiognomy significator, I choose Aquarius rising as a trial Ascendant.

Configuration of the Chart

Evaluation of Aquarius rising trial horoscope. What is striking about the configuration of this horoscope is that Saturn rules both 1st (Hennard) and 12th (evil spirit) by sign and the 9th (law) by exaltation. Saturn/Sagittarius is a very pessimistic placement (see A. Lincoln for the classic melancholy signature of Saturn/Sagittarius) and consistent with Hennard's depression and criminal thoughts which pervaded his thinking process during the Moon-Saturn Firdaria period. As a judicial signature, Saturn/Sagittarius is a stickler for detail, makes conservative judgments, and issues penalties without lenience. Hennard faced discharge from Naval and Coast Guard service for the minor infraction of pot smoking. Overall this configuration appears promising for Stage II rectification testing.

Conclusion: Ascendant is Aquarius

<u>Stage II. Determine the Ascendant's range within 1-4 degrees</u>

Physiognomy

Decan	**Decan sign**	**Decan ruler**	**Comments**
1st	Aquarius	Saturn/Sagittarius	Best fit based on color and waviness of hair
2nd	Gemini	Mercury/Libra	No ovate shape of Libra
3rd	Libra	Venus/Virgo	No mutability of shape of face, no pointed chin, no drawn features (all Virgo attributes)

Based on these observations, the 1st decan of Aquarius is favored as the rising decan.

Stage III. Determine the exact Degree and Minute of the Ascendant

Hennard's horoscope is an excellent example of how the degree differences embedded in planetary aspects are replicated in life affairs. Consider the Venus-Mars opposition:

Planet	**Position**	**Degree - Decimal**
Venus	11VI06	161.10
Mars	13PI20	343.33
		182.23 difference

There are 2.23 degrees between the actual Venus-Mars aspect and a perfect opposition of 180 degrees. Converted to year this degree difference is 815.71 days

8-Jun-1989 + 815.71 days = 1-Sep-1991
14-Jul-1989 + 815.71 days = 7-Oct-1991

The 8-Jun-1989 date corresponds to the Coast Guard charging Hennard with drug use.
The 14-Jul-1989 date corresponds to the day he began drug treatment.
The projected dates are just shy of the 16-Oct-1991 Luby's shooting spree.
Broadly speaking the 2.23 degree difference between the Venus-Mars aspect corresponds with Hennard's arrest from drug use in 1989 (Venus) and his shooting rampage in 1991 (Mars). This thesis is confirmed by solar arc directions presented next:

Primary Directions

REG	D	Mercury/Virgo	P	dex square Saturn (SA) c. => Sun	9-Oct-1990
REG	D	Mercury/Virgo	P	dex square Saturn (0) c. => Sun	20-Jun-1992

On top of Hennard's termination from military service for drug use, relationship problems marred his final year. On 16-Oct-1990, Hennard went on a first date with Judy LePire which was arranged by Hennard's mother. On 23-Dec-1990, Hennard exploded with anger during a family gift-giving at Christmas. This also marked the end of the relationship with Judy LePire. In the months before the spree shooting, Hennard's anger towards women increased (see event timeline for June and July 1991).

This direction joins the ruler of the 1st (Saturn) and the 7th (Sun) in a martial aspect. Saturn manifests delusions as the 12th house lord and involves law enforcement (complaint made to FBI about delusional conspiracy against women) as exalted ruler of the 9th.

This primary direction sequence also includes the Luby's massacre and is the probable arcus vitae.

By transit, Saturn made its Aquarius ingress on 6-Feb-1991 which was the exact day the Coast Guard upheld its 1989 decision to revoke Hennard's seaman's papers. Between Saturn's retrograde period 17-May-1991 and 4-Oct-1991, Hennard test fired his weapons, was involved in stalking, fled to Panama City to avoid an administrative hearing for an arrest, and even tried to sell the guns used in the massacre on two separate occasions. The spree shooting occurred 12 days after Saturn's direct station with Mercury's Scorpio ingress on 15-Oct-1991 the day before the shooting a short-term trigger. Mercury applied to the square of Saturn with Mercury receiving Saturn as bound lord. This was the day that Hennard raged while watching the televised hearings of Clarence Thomas' Supreme Court confirmation with the Anita Hill controversy. Interesting to see that Mars did not enter Scorpio until a few hours after the shooting which suggests the primary role of Saturn, and secondary role of Mercury, as triggers for the shooting.

Physiognomy

Ascendant sign: Aquarius

Ascendant decan ruler: Saturn/Sagittarius
Planets/Nodes placed in the Ascendant sign or decan: n.a.

Longevity: 35y 0m 1d

Releaser and kadukhudhāh. Figure is diurnal and Sun/Libra/9th is preferred as the releaser. Saturn/Sagittarius partile conjunct the MC degree, amplified by the North Node, and sextile the Sun stands out as the kadukhudhāh. Saturn is the exalted ruler of the Sun and Saturn itself is the diurnal triplicity ruler of fire signs. This may not seem sufficient dignity but looking around the horoscope triplicity is about the best dignity that any of the planets have, so Saturn does not have much competition on the dignity front. If Saturn, then Saturn grants 57 major years, North Node adds 25% bringing the gross longevity measure to 71.25yrs, Mars deducts 15 minor years by square aspect leaving a net projection of 56.25yrs. That is the projection by the books. The only way to force a solution is to treat both Jupiter/Virgo and Venus/Virgo in the 8th of death as accidental malefics which by square aspect (with reception by Jupiter without reception by Venus) reduces the projection by another 8 years (Venus) and 12 years (Jupiter). Net of 36.25yrs is accurate.

Broadly speaking, there is no doubt that the Mars-Saturn conjunction angular in the 1st-10th houses is destructive for Hennard. Whether Mars deducts minor years from Saturn or vice versa, the prominence of angular malefics suggests reduced longevity as a consideration before judgment.

Victor of the Chart: Saturn/Sagittarius

Ibn Ezra's method favors Saturn while Porphyry's expanded Stage I criteria ranks Mercury, Venus, and Jupiter much higher. As delineated and traced through Hennard's life, Saturn as the physiognomy significator signifies Hennard himself (Saturn ruling the 1st by sign), his evil spirit which infects him during the Moon-Saturn Firdaria period (Saturn ruling the 12th by sign), and disciplinary actions promulgated by the judicial process (Saturn ruling the 9th by exaltation). Saturn's prominence with a partile conjunction to the MC degree, amplified by conjunction to the North Node, overwhelms the horoscope and elevates three themes as Hennard's culminating life story.

Manners: Saturn-Venus.
