Medieval Astrology Profile for Reinhard Heydrich

File History: Initial 2014-11-15; Tables Revised 26-Jun-2016

Introduction to delineation of appearance and character in natal astrology. The following document is a hand-written analysis of **Reinhard Heydrich**, using the principles of medieval predictive astrology. The discipline of natal astrology focuses on the fate of an individual based on a horoscope cast for the moment of birth. Within natal astrology, the 1st house occupying the eastern horizon at birth describes the native: physical vitality, appearance, and character. Between the Hellenistic and Medieval eras several specialized models were developed to assess these characteristics. They include **longevity** (vitality and length of life), **physiognomy** (form and shape of the face and body), **victor of the chart** (overall life purpose), **manners** (social conduct including ethical behavior), and **temperament** (elemental mix of fire, earth, air, and water with applications in medical astrology). Prior research has presented models and results for longevity (*A Rectification Manual: The American Presidency*, Chapter 4) and physiognomy (*Astrological Physiognomy: History and Sources* & *Astrological Physiognomy: Empirical Tests of the Leo Rising Decan*).

Victor of the Chart. Included are two competing models for computing the victor of the chart said to be the single most powerful planet in the horoscope. According to Plato's follower Porphyry, the planet signifying the victor of the chart by configuration in the natal horoscope shows the life choice made by the soul prior to incarnation. Plato explains the details of his soul model in *The Myth of Er* found in the closing pages of *The Republic*. Porphyry and his peer Antiochus offer specific rules for determining the victor of the chart. The method of Antiochus/Porphyry is compared to a later method for determining the victor suggested by the Jewish Rabbi Abraham ben Meir ibn Ezra, a philosopher and astrologer active in the 12th century. For a discussion of these two models, see the companion paper *Victor of the Chart: Testing Methods of Antiochus/Porphyry and Ibn Ezra*, which serves as a key to what is presented here.

Manners. Plato was not alone among Greek philosophers in conceiving models for the soul. Aristotle's model of vegetative, sensitive, and intellective soul levels (assigned respectively to the plant, animal, and human kingdoms) was taken up by Ptolemy, who found a correspondence between the sensitive and intellective soul and Moon and Mercury in the natal horoscope. The configuration of the Moon and Mercury, with special emphasis given to their rulers, is a second method for analyzing the soul. Ptolemy introduces this model in *Tetrabiblos III.13* "Of the Quality of the Soul.*"* Subsequent authors refer to this model as the "Significators of the Soul" or "Manners." A summary template for the Moon and Mercury is presented in the paper and will be developed further in future versions.

Reinhard Heydrich (March 7, 1904 - June 4, 1942)

Described as "the man with the iron heart" by no less than Adolph Hitler, Reinhard Heydrich is a lesser known member of the Nazi elite but one of the most brutal. Following the invasion of Poland and Russia, he directed the Einsatzgruppen task force to kill over one million people by mass shooting. He chaired the Wanssee Conference held January 1942 which formally set into motion the mass extermination of Jews, gypsies, and other enemies of the Nazi state. His final post in Czechoslovakia was cut short by fatal wounds suffered from an assassination attempt by Czech nationals who trained in Britain for the mission. Heydrich's death prior to the end of WWII and the Nuremberg trial is the most likely reason why he is not more widely known today.

How the son of a wealthy bourgeois musical family abandoned his family's roots for Nazi radicalism is another exception to the rule that mass murder is tied to parental genetics. Like many Nazi leaders, Heydrich was radicalized towards right-wing reactionary political organizations in the wake of World War I which left Germany in an economic stranglehold. Heydrich's political awakening occurred after riots in Heinz in February 1919 when he joined the Volunteer Rifles at the age of 15. This was a paramilitary group formed to protect private property. The temporary economic stabilization during the Weimar Republic afforded Heydrich a traditional career in the Navy (1922-1931). His abrupt dismissal followed charges of "conduct unbecoming to an officer and gentlemen" after he announced a marriage engagement without first breaking off a relationship to another woman. The year 1931 was a low point for Heydrich and his family whose father's music conservatory had suffered from the economic downturn and finally lost its official certification.

Six weeks after Heydrich's dismissal from the Navy on 30-Apr-1931, he met Heinrich Himmler who immediately hired Heydrich to form a new Nazi intelligence service. From that moment forward Heydrich's career was closely tied to Himmler's rise within the Nazi echelon. Key milestones included his move to Berlin, 27-Jan-1933; control of the Gestapo, of 22-Apr-1934; control of the Reich Main Security Office, 27-Sep-1939; his final appointment as Deputy Reich Protector of the Protectorate of Bohemia and Moravia, 27-Sep-1941; and his role as Chairman of the Wannsee Conference which formalized the *Final Solution*, 22-Jan-1942.

From the Nazi point-of-view, Heydrich was most effective in managing conquered territories once military offensives had claimed victories. Heydrich organized intelligence gathering procedures within territories to facilitate Aryanization of the population. His tactics were most brutal against Slavs in Poland whom he considered subhuman. In his mind, at least, there was enough German blood in Czechoslovakia that he didn't have to liquidate as many people. These killings, carried out by the Einsatzgruppen, numbered over a million people most of whom were shot.

The assassination plot against Heydrich was spearheaded by former Czech President Edward Beneš who led the Czech government-in-exile. Working with Britain, Beneš' goal was a dramatic military victory against Nazi Germany within his homeland to increase his standing with Allied nations deemed a necessary step to guarantee Czechoslovak independence in post-war political negotiations. The costs of Heydrich's assassination were high with virtually the entire Czech underground wiped out by the Nazis in the wake of Heydrich's death. In addition, under false information which linked residents of the towns of Lidice and Lezaky to the Czech assassination team, virtually all residents were either imprisoned or massacred. Both towns were burned and Lidice was bulldozed.

Astrodatabank reports two competing birth times of 3:00 PM and 9:30 AM and concludes the record is dirty data. As the earlier 9:30 AM time is sourced from a birth registry, my initial investigations confirmed the validity of the Gemini Ascendant as the rectification will demonstrate.

<u>Stage I. Determine the Ascendant sign</u>

Configuration of the Chart

- Both Gemini rising and Mercury/Pisces/10th are consistent with an interest and career in intelligence.
- Mars/Aries and Jupiter/Aries both in the 11th are consistent with military alliances and participation in athletic groups and competitions.
- Heydrich's birth is sandwiched between a Lunar and as Solar eclipse. South Node/10th promises an end to his career, often in unusual circumstances because of the effect of eclipses. Dynamic activity below will confirm the role of the South Node in a life threatening accident and his political assassination.
- The ruler of the 12th placed in the 6th is one indication of demonic possession. In this case, Moon rules the 12th house of Taurus by exaltation and is placed in the 6th. Research with Hitler and other nativities confirms that Venus-ruled Taurus is the astrological significator for the Jewish race in the 20th century. This placement in Heydrich's horoscope explains his hatred for the Jews, as well as spiteful behavior toward subordinates (6th house) who did not agree with his ideas or plans.

Conclusion: Gemini is the Ascendant sign.

It is also interesting to see the 12th house lot activated in the 1942 solar return for the year of Heydrich's assassination and death. The 1942 solar return computes the Lot of Fortune as 10AR31 which is partile conjunct the natal 12th house lot. This synastry effectively gives Heydrich's assassins 'fortune' in carrying out their successful attack.

No specific event match for the first direction but this was immediately before Germany invaded Czechoslokia on 15-Mar-1939.
Following the 1-Sep-1939 invasion of Poland, on 21-Sep-1939, Heydrich delivered a telegram to all Einsatzgruppen chiefs to round up Jews for resettlement in ghettos, to form Jewish councils, to conduct a census, and to promote Aryanization for Jewish-owned businesses and farms. This is immediately before the 27-Sep-1939 move to fold the SD into a new Reich Main Security Office under Heydrich's control. His new title was "Chief of Security Police and SD."

No event match for 2nd direction, but the Feb 1932 arrest led to a reorganization of Heydrich's intelligence service which became more aggressive as the year progressed.

REG	D	Mercury/Gemini	P	ASC d. => Mars	28-Jan-1936
PT	D	Mercury/Gemini	P	ASC d. => Mars (l=MA)	23-Aug-1939
PT	D	Mercury/Gemini	P	ASC d. => Mars	10-Jun-1940

No specific event matches for 1st two directions; however Heydrich's friend Wilhelm Canaris took over as head of the Abwehr branch of the Germany military on 1-Jan-1935 which eased competition between the SS/SD and the Abwehr. Mars/Aries/11th of alliances is consistent with this action which improved Heydrich's organizational contacts with the Abwehr during 1935.

The latter two directions are more salient to Heydrich's involvement in organizing the false flag attack on a German radio station at Gleiwitz on 31-Aug-1939 as justification for the invasion of Poland on 1-Sep-1939. The final ASC-Mars direction follows the Nazi invasion of the Low Countries on 10-May-1940.

Physiognomy

Ascendant sign: Gemini
Ascendant sign ruler: Mercury/Pisces
Ascendant decan: Gemini
Ascendant decan ruler: Mercury/Pisces
Planets/Nodes placed in the Ascendant sign or decan: n.a.

Longevity: 38y 2m 28d

Releaser and kadukhudhāh. In my experience, exceptions to longevity rules occur when the prenatal lunation is an eclipse. Heydrich is a good example. Consider the 3-Mar-1942 Lunar Eclipse prior to Heydrich's fatal wound suffered 27-May-1942 during the assassination attempt. The Lunar Eclipse degree is 11VI39 which is partile conjunct the natal preventional degree of 11VI07. Moreover the eclipse featured two other configurations which proved harmful: Both Mars and Saturn opposed natal Moon as well as Venus/Aquarius (12th house lord) in mutual reception with Saturn/Taurus which was transiting the 12th. Death was timed by Moon directed to the North Node as arcus vitae.

Using theory, I can't come to a plausible longevity workout that would stand up to independent scrutiny. But for the record, the exercise looks like this: Figure is diurnal and Sun/Pisces/10th qualifies initially but its conjunction to the South Node and relationship to the eclipses raises questions. Suppose the releaser is the Sun anyway. Sign ruler Jupiter and exaltation ruler Venus do not aspect. Bound lord Mercury is placed in the same sign but just entered the sign of its detriment and fall and appears a poor choice as kadukhudhah if the Sun is the releaser. Next candidate for the releaser is the Moon/Scorpio/6th but cadent placement in the 6th rules out the Moon (even though the Moon appears to be the empirical releaser: 1941 plane shot down, trSaturn opposed Moon; 1942 assassination, Moon directed to North Node). For preventional nativities next option is the Lot of Fortune 11AQ41. The bound lord is Venus, the sign ruler is Saturn, and both are conjunct the Lot. By theory Saturn should be the kadukhudhah granting 57 years; Venus by conjunction should add her minor years. Too long.

Victor of the Chart: Saturn/Aquarius

Both methods give a slight edge to Mercury over Venus and Saturn but I favor Saturn for the following reasons: Saturn rising to the waxing sextile is in the strongest possible solar phase, is in the sign of his rulership, and is conjunct the Lot of Fortune. There is little that can stand in the way of Saturn as victor based on astrological theory. If Saturn, then we say Heydrich's life purpose is the imposition of Utopian Laws necessary for implementing Hitler's vision of Lebensraum in conquered territories. Liquidation of Jews and Aryanization the remaining population were required to achieve the vision. Astrologically, Saturn = laws; Saturn's sign placement Aquarius = ideological; Saturn's placement in the bound of Jupiter/Aquarius = utopia; bound lord Jupiter/Aries = Aryanization (with Aries assigned to Germany in mundane astrology). Mars/Aries ruling Jupiter/Aries adds a forceful and effective militarism to Jupiter's role in Aryanization. Finally, Venus significator of the Jews is crushed by the close conjunction Saturn within one degree.

Alternate Victor: Mars/Aries

Based on life affairs, Mars/Aries cannot be ruled out given the prominence of Mars as a dynamic timer of major life affairs by transit, direction, and Firdaria. Consider the day Heydrich met Himmler, the most important day of his life according to Heydrich and his wife.

The Moon-Mercury conjunction transiting natal Ascendant promises a discussion about military intelligence given Mercury has just passed the square of Mars. But notice carefully trNorth Node is conjunct natal Mars and trMars has just ingressed to Virgo, sign of natal North Node. This shows a rare meeting of the minds of two Martian personalities. trNorth Node 10AR54 is also partile conjunct the 12th house Lot of Accusation, Exile, and Imprisonment 10AR30 which is the Mars-Saturn lost most closely associated with criminal activity according to my research.

The rectification section details some of Heydrich's most explicit acts of Aryanization in conquered Poland.

Finally, by Firdaria the meeting with Himmler (above) occurs in the last five days of Heydrich's Mercury-Mars subperiod. The Moon-Mars subperiod timed his most aggressive Aryanization in conquered Poland. This is the empirical evidence which favors Mars. But Saturn wins by theory.
