Medieval Astrology Profile for Caril Ann Fugate

File History: Initial 5-Jun-2016.

Introduction to delineation of appearance and character in natal astrology. The following document is a hand-written analysis of **Caril Ann Fugate**, using the principles of medieval predictive astrology. The discipline of natal astrology focuses on the fate of an individual based on a horoscope cast for the moment of birth. Within natal astrology, the 1st house occupying the eastern horizon at birth describes the native: physical vitality, appearance, and character. Between the Hellenistic and Medieval eras several specialized models were developed to assess these characteristics. They include **longevity** (vitality and length of life), **physiognomy** (form and shape of the face and body), **victor of the chart** (overall life purpose), **manners** (social conduct including ethical behavior), and **temperament** (elemental mix of fire, earth, air, and water with applications in medical astrology). Prior research has presented models and results for longevity (*A Rectification Manual: The American Presidency*, Chapter 4) and physiognomy (*Astrological Physiognomy: History and Sources* & *Astrological Physiognomy: Empirical Tests of the Leo Rising Decan*).

Victor of the Chart. Included are two competing models for computing the victor of the chart said to be the single most powerful planet in the horoscope. According to Plato's follower Porphyry, by configuration in the natal horoscope the planet signifying the victor of the chart shows the life choice made by the soul prior to incarnation. Plato explains the details of his soul model in *The Myth of Er* found in the closing pages of his work *The Republic*. Porphyry and his peer Antiochus offer specific rules for determining the victor of the chart. The method of Antiochus/Porphyry is compared to a later method for determining the victor suggested by the Jewish Rabbi Abraham ben Meir ibn Ezra, a philosopher and astrologer active in the 12th century. For a discussion of these two models, see the companion paper *Victor of the Chart: Testing Methods of Antiochus/Porphyry and Ibn Ezra*, which serves as a key to what is presented here.

Manners. Plato was not alone among Greek philosophers in conceiving models for the soul. Aristotle's model of vegetative, sensitive, and intellective soul levels (assigned respectively to the plant, animal, and human kingdoms) was taken up by Ptolemy, who found a correspondence between the sensitive and intellective soul and Moon and Mercury in the natal horoscope. Configuration of the Moon and Mercury, with special emphasis given to their rulers, is a second method for analyzing the soul. Ptolemy introduces this model in *Tetrabiblos III.13* "Of the Quality of the Soul.*"* Subsequent authors refer to this model as "Significators of the Soul" or "Manners." A summary template for the Moon and Mercury is presented in the paper and will be further developed in future versions.

Caril Ann Fugate

The fourteen year old accomplice to Charles Starkweather, Caril Ann Fugate was originally considered at risk of harm as Starkweather's hostage during the January 1958 killing spree. As details emerged, it became clear that Fugate was an accessory. The exact nature of her participation remains unknown as it is dependent on conflicting testimony by both Fugate and Starkweather. After their arrest, Starkweather initially told police that Fugate had nothing to do with the murders but later changed his story stating Fugate murdered three of the victims.

Two things hurt Fugate's chances among the jury. One photograph in particular – one of Fugate smiling taken after her initial arrest – made a strong impression. Juror Dick Trembath said in 1979: "We saw a smile, that's all; and that smile is seared in everybody's memories. It was a very tight-lipped smile, but it was a smile. And I know I thought, Here is a defiant, petulant young girl absolutely defying the world."[1] And once on the stand, her words were spoken in a rapid fire, clipped fashion which left the impression of a defensive, defiant little girl.[2] Her sentence was life in prison.

Fugate participated in an extensive post-trial series of appeals which, though unsuccessful, were taken all the way to the United States Supreme Court. Her fortunes improved in 1973 when the Nebraska Parole Board and the Board of Pardons voted in favor of commuting her life sentence to a sentence with a fixed term. This technicality allowed for release on parole which Fugate achieved on 8-Jun-1976. Her behavior in prison was exemplary, with not a single disciplinary mark on her record for her entire 17 ½ year prison term. She was completely rehabilitated and worked professionally as a medical janitor.

Primary Directions

Directing the Ascendant through the Bounds

Fugate is an excellent example of the ability of the malefics to maim and the benefics to liberate.

Started to date Charles Starkweather, 1956 (no date given).
Parents killed, 21-Jan-1958.
I propose that this set of primary directions is responsible for Caril Ann Fugate's involvement in the spree killing with her partner Charles Starkweather for the following reasons.

1. This direction joins the lord of the 12th of evil spirit (Mercury) and the lord of the 11th of death of the father (Sun). Sun is also the exalted ruler of the 7th of partner and signifies Starkweather.
2. Celebrity notoriety was a distinctive element of the spree killing, not only in and of itself, but later spree killers notoriety inspired by this crime's notoriety. Once can draw a straight line from the Starkweather-Fugate killings to Oliver Stone's film *Natural Born Killers* (based on these killings) and to the Columbine School spree killings whose perpetrators were partly inspired by the Oliver Stone film. Both Eric Harris and Dyland Klebold used the acronym 'NBK' (for the film Natural Born Killers) frequently in written journals prior to Columbine.
3. By combining Mercury and Sun dynamically in this direction, Mercury is excited by the Sun's heat. Technically this direction makes Mercury cazimi which I suggest elevates the power of the 12th house lord to act.
4. We also have to take into account that Mercury also timed the killing spree in Starkweather's horoscope. Though Mercury was in Sagittarius (for Starkweather's natal), not Leo (for Fugate's natal), Mercury was nonetheless the 12th house lord for both horoscopes.

Starkweather executed, 25-Jun-1959.
Allowed to enter general prison population at the age of 16, 30-Jul-1959.

Note: the same set of primary directions computed by Regiomontanus is very similar.

PT	D	Jupiter/Taurus	P	Mars c. => Moon (MO)	28-Jul-2013

Auto accident, 5-Aug-2013. Sustained serious injuries. Husband killed.
Mars rules the 2nd, death of spouse.
The various permutation of the Mars-Moon directions range from 23-Feb-2013 to 8-Mar-2014.

Note to directions students: Alternatively, one could alter the birth time to 12:54:01PM and time the accident with the solar arc direction Mars square ASC. Some of the other measurements are lost however, especially the Distributor changeover from Mercury/Scorpio to Jupiter/Scorpio which moves to 22-Jul-1976 which is about 6 weeks after she is released from prison. At this point in my research, because I consider Directing through the Bounds occupying a higher point in the predictive hierarchy than solar arc directions, I will stick with the 12:55:41 time I have proposed. Note that for purposes of the victor computation, none of these times matter as the bound placement of the ASC, MC and Lot of Fortune are identical.

One might also consider a slightly later birth time based on the fact the 2013 solar return Ascendant is 29VI26. It might make more sense for an early Libra Ascendant to match the natal. This would place the Saturn/South Node conjunction in the 2nd house of the solar return which is the 2nd from the 8th, or death of husband.

Victor of the Chart: Venus/Virgo

Ibn Ezra's method selects Venus and Saturn; Porphyry's Stage I expanded criteria overwhelming favors Venus. While Venus/Virgo in detriment/fall placed in the 12th appears a weak placement unable to fulfill the role of victor, it does in fact match the overarching tenor of life affairs for Fugate: an imprisoned young girl. Venus = female; Virgo = young; 12th house = imprisonment.

Saturn/Gemini/9th of the law is a delineation match to the courts and legal system which prosecuted Fugate to the fullest extent of the law. A youth at the time the crimes were committed, in today's legal system Fugate would have been treated more generously.

The role of media coverage as a motivation for the Starkweather-Fugate killing spree is well documented and for Fugate manifests as the flamboyant, publicity seeking Mercury/Leo ruling Venus/Virgo though there is no aspect.

Often times cazimi planets are automatically given a first look as possible victor candidates because of the rare cazimi condition. In this case, Jupiter/Leo is cazimi. placed in the 10th by quadrant houses or the 11th by whole sign houses, is best delineated as the power of the Catholic Church to assist in Fugate's rehabilitation prior to her parole. As part of her prison sentence, Fugate worked under the supervision of Catholic nuns. This aspect of her life, often not mentioned by capsule biographies, is extensively treated in Ninette Beaver's biography.

Mars/Taurus as the 7th house lord can be read as Starkweather (as boyfriend) or her husband Frederick Clair whom she married in 2007 and lost in a car accident on 5-Aug-2013.

Note that Venus separates from Mars and applies to Saturn. This can be read as Fugate (Venus) leaving Starkweather (Mars) and facing criminal prosecution by the court system (Saturn). Working these basic life themes through all the planets once again leaves Venus as the best choice for Fugate.

Manners: Jupiter-Venus.
