Medieval Astrology Profile for Richard Speck

File History: Initial 5-Jul-2016

Introduction to delineation of appearance and character in natal astrology. The following document is a hand-written analysis of **Richard Speck**, using the principles of medieval predictive astrology. The discipline of natal astrology focuses on the fate of an individual based on a horoscope cast for the moment of birth. Within natal astrology, the 1st house occupying the eastern horizon at birth describes the native: physical vitality, appearance, and character. Between the Hellenistic and Medieval eras several specialized models were developed to assess these characteristics. They include **longevity** (vitality and length of life), **physiognomy** (form and shape of the face and body), **victor of the chart** (overall life purpose), **manners** (social conduct including ethical behavior), and **temperament** (elemental mix of fire, earth, air, and water with applications in medical astrology). Prior research has presented models and results for longevity (*A Rectification Manual: The American Presidency*, Chapter 4) and physiognomy (*Astrological Physiognomy: History and Sources* & *Astrological Physiognomy: Empirical Tests of the Leo Rising Decan*).

Victor of the Chart. Included are two competing models for computing the victor of the chart said to be the single most powerful planet in the horoscope. According to Plato's follower Porphyry, by configuration in the natal horoscope the planet signifying the victor of the chart shows the life choice made by the soul prior to incarnation. Plato explains the details of his soul model in *The Myth of Er* found in the closing pages of his work *The Republic*. Porphyry and his peer Antiochus offer specific rules for determining the victor of the chart. The method of Antiochus/Porphyry is compared to a later method for determining the victor suggested by the Jewish Rabbi Abraham ben Meir ibn Ezra, a philosopher and astrologer active in the 12th century. For a discussion of these two models, see the companion paper *Victor of the Chart: Testing Methods of Antiochus/Porphyry and Ibn Ezra*, which serves as a key to what is presented here.

Manners. Plato was not alone among Greek philosophers in conceiving models for the soul. Aristotle's model of vegetative, sensitive, and intellective soul levels (assigned respectively to the plant, animal, and human kingdoms) was taken up by Ptolemy, who found a correspondence between the sensitive and intellective soul and Moon and Mercury in the natal horoscope. Configuration of the Moon and Mercury, with special emphasis given to their rulers, is a second method for analyzing the soul. Ptolemy introduces this model in *Tetrabiblos III.13* "Of the Quality of the Soul.*"* Subsequent authors refer to this model as "Significators of the Soul" or "Manners." A summary template for the Moon and Mercury is presented in the paper and will be further developed in future versions.

Richard Speck (December 6, 1941 – December 5, 1991)

One of America's most notorious mass murderers born just a day before Pearl Harbor, Speck murdered eight student nurses on July 14, 1966, a mere two weeks before Charles Whitman unleashed his gunfire from the top of the University of Texas clocktower. Speck was also implicated, but not charged, in several other murders dating from April 2, 1966. I attach the label 'spree killer' because Speck's rampage occurred within a concentrated and isolated period of 14-15 weeks.

Speck's life featured a lengthy post-trial history which included false reports that Speck had a rare XYZ chromosome pattern then thought relevant to criminal behavior. In addition, following an Illinois Supreme Court decision which outlawed the death penalty, Speck was resentenced to life in prison.

Physiognomy. Speck's prominent forehead is shaped like a rectangle which is a match to Willner's facial shape model for Aquarius. Wrinkles in his brow mimic the waves in the Aquarius glyph. Third decan of Virgo is Taurus, ruled by Venus/Aquarius.

Lots. 10-Nov-1962. dsa Venus 21AQ35 opposed Lot of Exile, Accusation, and Injury 21LE11. Arrested for howling and yelling in a theatre; fighting men and hugging women.

Sensitive Degrees

5-May-1966. *c.tr. South Node conj Moon*. Emergency appendectomy, 3-May-1966.

11-Jul-1966. Three days before the murders, *Saturn made its first station at 29PI41'16"*, within only 1 second of 1 minute of degree from Speck's rectified DSC of 29PI41'15". Saturn later made its 2nd station on 26-Nov-1966, 4 days before the grand jury found Speck mentally competent to stand trial. Saturn's final DSC transit on 1-Mar-1967 coincided with impaneling of the first four jury members.

Solar Arc Directions

8-Mar-1966. *csa MC opposed Mercury*

Mercury/Sagittarius in detriment ruling both the 1st and 10th promises a fall on a both a personal basis and with respect to career and social status. His wife Shirley filed for divorce in January 1966 which was granted in March 1966 for starters. The end of this chapter in Speck's life opened up a new criminal chapter starting with burglary which escalated to rape and murder. On 6-Mar-1966 (or 5-Mar-1966, reference book lists both dates), Speck stole 70 cartons of cigarettes after breaking into a grocery store. An arrest warrant was issued on 8-Mar-1966 but before it could be served, Speck's sister Carolyn took Speck to a bus station so he could evade the law. How are these events a delineation match to Mercury/Sagittarius/3rd directed to the IC?

Mercury/Sagittarius and Jupiter/Gemini form a mutual reception; rather a 'mutual deception' - a phrase coined by Rob Hand for receptions when both planets are in detriment. Placed in the 3rd/9th house axis by quadrant signs, this configuration is responsible for the ability of Speck to evade the law on numerous occasions, (including having his death sentence overturned after his conviction). Mercury/Sagittarius likes to tell tall tales and this was one way Speck was able to evade the law by lying. In this incident, Mercury in the 3rd house signifies Speck's sister, a local trip (to the bus station), and cigarettes (Mercury = hands; Sagittarius = fire sign) which are the 'cause' of a 9th house pilgrimage (to Chicago) because Mercury rules the 9th.

Physiognomy

Ascendant sign: Virgo
Ascendant sign ruler: Mercury/Sagittarius
Ascendant decan: Taurus
Ascendant decan ruler: Venus/Aquarius
Planets/Nodes placed in the Ascendant sign or decan: North Node in Ascendant sign.

Longevity: 49y 11m 29d

Releaser and kadukhudhāh. Figure is nocturnal and Moon/Cancer/10th/11th QS/WS qualifies as releaser. The best workout for kadukhudhah is to take Venus as the Moon's bound lord despite no aspect. Venus grants 82 major years; Saturn by mutual reception and trine aspect deducts 30 minor years; net projection is 52 yrs which is accurate.

Victor of the Chart: Venus/Aquarius

Ibn Ezra's method favors Venus or Jupiter; Porphyry's expanded Stage I criteria favors Venus or Saturn. I favor Venus because Speck's strong sexual libido was an overarching theme:

Shotgun marriage (married 19-Jan-1962; daughter born 5-Jul-1962)
Made sexual advances to mother-in-law, 1964
Raped Mrs. Virgil Harris, 2-Apr-1966
Spent time with Judy Laakaniemi, 21/27-Jun-1966
Raped Ella Mae Hooper, 13-Jul-1966
Raped and killed nurses, 13/14-Jul-1966
Prison video released posthumously in 2006 showed Speck with enlarged breasts, presumably the result of hormone modification, which made him more sexually attractive to prison inmates which allowed his survival in the prison population.

As a final check, during his 1966 crime spree, the application of Venus from various signs to Saturn near the 7th house cusp appears a critical short-term timer of criminal incidents. The nurse killing spree was timed by Venus/Gemini angular in the 10th applying to the square of Saturn/Pisces angular in the 7th. Arguably the transit of Venus and Saturn in the angles was the public display of a natal Venus-Saturn square hidden in the 6th-9th houses. Recapitulation of natal aspects in the angles is an important method of predicting life events with transits.
