Introduction to delineation of appearance and character in natal astrology. The following document is a hand-written analysis of **Robert F. Williams**, using the principles of medieval predictive astrology. The discipline of natal astrology focuses on the fate of an individual based on a horoscope cast for the moment of birth. Within natal astrology, the 1st house occupying the eastern horizon at birth describes the native: physical vitality, appearance, and character. Between the Hellenistic and Medieval eras several specialized models were developed to assess these characteristics. They include **longevity** (vitality and length of life), **physiognomy** (form and shape of the face and body), **victor of the chart** (overall life purpose), **manners** (social conduct including ethical behavior), and **temperament** (elemental mix of fire, earth, air, and water with applications in medical astrology). Prior research has presented models and results for longevity (*A Rectification Manual: The American Presidency*, Chapter 4) and physiognomy (*Astrological Physiognomy: History and Sources & Astrological Physiognomy: Empirical Tests of the Leo Rising Decan*).

Victor of the Chart. Included are two competing models for computing the victor of the chart said to be the single most powerful planet in the horoscope. According to Plato's follower Porphyry, by configuration in the natal horoscope the planet signifying the victor of the chart shows the life choice made by the soul prior to incarnation. Plato explains the details of his soul model in *The Myth of Er* found in the closing pages of his work *The Republic*. Porphyry and his peer Antiochus offer specific rules for determining the victor of the chart. The method of Antiochus/Porphyry is compared to a later method for determining the victor suggested by the Jewish Rabbi Abraham ben Meir ibn Ezra, a philosopher and astrologer active in the 12th century. For a discussion of these two models, see the companion paper *Victor of the Chart: Testing Methods of Antiochus/Porphyry and Ibn Ezra*, which serves as a key to what is presented here.

Manners. Plato was not alone among Greek philosophers in conceiving models for the soul. Aristotle's model of vegetative, sensitive, and intellective soul levels (assigned respectively to the plant, animal, and human kingdoms) was taken up by Ptolemy, who found a correspondence between the sensitive and intellective soul and Moon and Mercury in the natal horoscope. Configuration of the Moon and Mercury, with special emphasis given to their rulers, is a second method for analyzing the soul. Ptolemy introduces this model in *Tetrabiblos III.13* "Of the Quality of the Soul." Subsequent authors refer to this model as "Significators of the Soul" or "Manners." A summary template for the Moon and Mercury is presented in the paper and will be further developed in future versions.

Robert F. Williams

Robert F. Williams (February 26, 1925 – October 15, 1996)

Robert Franklin Williams was an American civil rights leader and author best known for serving as president of the Monroe, North Carolina chapter of the NAACP in the 1950s and into 1961. He succeeded in integrating the local public library and swimming pool in Monroe. At a time of high racial tension and official abuses, Williams promoted armed Black self-defense in the United States. In addition, he helped gain support for gubernatorial pardons in 1959 for two young African-American boys who had received lengthy reformatory sentences in what was known as the Kissing Case of 1958. It generated national and international attention and criticism of the state.

Williams obtained a charter from the National Rifle Association and set up a rifle club to defend Black people in Monroe from Ku Klux Klan or other attackers. The local chapter of the NAACP supported Freedom Riders who traveled to Monroe in the summer of 1961 in a test of integrating interstate buses. In August 1961 he and his wife left the United States for several years to avoid kidnapping charges after a white couple got lost in the black part of town in Monroe. Williams told them to stay at his house because he didn't want them to run into anyone who mistook them for Klansmen. The couple was grateful at first. But the police (who were mainly KKK members) & The FBI convinced the couple to say Williams had kidnapped them. The FBI put out a warrant. But people across the US helped him escape to Cuba. These charges were dropped by the state when his trial opened in 1975 following his return. Williams identified as a Black Nationalist and lived in both Cuba and The People's Republic of China during his exile between 1961 and 1969.

Williams' book *Negroes with Guns* (1962) has been reprinted many times, most recently in 2013. It details his experience with violent racism and his disagreement with the non-violent wing of the Civil Rights Movement. The text was widely influential; Black Panther Party founder Huey Newton, and African American Defense League founder Maurice Lee Miller cited it as a major inspiration.

Stage I. Determine the Ascendant sign

Firdaria

As documented in the Regulus USA National Horoscope, timing of the late 1960s Black Panther movement was timed by Saturn/Leo as Ascendant Distributor.

For the nocturnal Firdaria sequence, the inception of the Black Panther movement occurs during the North Node Firdaria period, with the North Node in the bound of Saturn/Leo.

The Black Panther movement was in part inspired by Williams' book *Negroes with Guns* published in 1962 during the Mars-Saturn minor Firdaria period.

These two life events are sufficient to confirm the nocturnal Firdaria series for Williams.

Moon's Configuration and Degree

In mundane astrology, Moon/Aries is associated with jailbreaks. Given William's overseas flight following potential arrest on false charges, there is no need to consider Moon/Taurus for the final hour of the day; his flight from arrest is completely consistent with Moon/Aries not Moon/Taurus.

Time	Moon's Degree	Sect	Configuration
12:00 AM	17AR21	N	Moon separates from Jupiter and applies to Venus
7:00 AM	21AR14	D	Moon separates from Jupiter and applies to Venus
10:47 AM	23AR19	D	Moon separates from Venus and is VOC
6:10 PM	27AR21	N	Moon separates from Venus and is VOC
11:03 PM	00TA00	N	Moon applies to Mercury
12:00 AM	00TA30	N	Moon applies to Mercury

For a nocturnal figure, this leaves either the Moon's separation from Jupiter and application to Venus (morning nocturnal hours) or the Moon's separation from Venus and VOC (evening nocturnal hours) as possibilities for the Moon's Configuration.

A few weeks prior to Williams' flight from the US, Williams faced violent confrontation after his failed attempts to integrate the public swimming pool at his hometown in Monroe. For his horoscope, Venus/Aquarius is the logical significator for recreational swimming because the sign of Aquarius is named for the water bearer despite the fact that Aquarius is classified as an air sign. The fact that his flight occurred following his failed attempt to integrate the swimming pool does suggest evening nocturnal hours given the importance of the summer of 1961 to the tempo of Williams' overall life.

On 26-Aug-1961, the day which a Monroe riot triggered Williams' flight, the transiting Jupiter-Saturn conjunction (trJupiter 28CP31rx and trSaturn 24CP01rx) falls closer to the superior square of natal Moon for evening nocturnal hours. So does the converse transit of the South Node 28CP29. The final position of the rectified Moon at 28AR39 is within a few minutes of degree for both the direct transit of Jupiter and the converse transit of the South Node making their superior square.

ZRS

For evening nocturnal hours between 6:10 PM and 11:03 PM, the possible ASC/LOF/LOS combos are:

ASC	LOS	LOF
Virgo	Libra	Cancer
Libra	Scorpio	Leo
Scorpio	Sagittarius	Virgo

ZRS analysis favors the ASC/LOS/LOF combo of Libra/Scorpio/Leo. Releasing L.Spirit times:

L1 CP L2 TA. 1-Sep-1058 to 29-Apr-1959. Intervention in Kissing Case (with TA as LOF10)

L1 CP L2 CA (foreshadowing period). 19-Dec-1960 to 8-Jan-1963. Monroe riot triggers exile from USA, published Negroes with Guns.

L1 CP L2 CA (loosing of the bond). 5-Feb-1969 to 25-Feb-1971. Returned home after charges dropped.

If the L.Spirit is in Scorpio and the L.Fortune is in Leo, then the possible Ascendant degree range is 20VI to 9LI. Is there any evidence to justify either late Virgo or early Libra rising?

If Virgo, then both Sun and Mercury in Pisces are placed in the 7th house which makes Williams an active advocate, sometimes in a legal or confrontational setting, for his life affairs. True enough, Williams was an advocate for certain things, but consider that after his return to the USA at the start of his major Sun Firdaria period, he resigned from leadership positions of both black power groups he served as President. Then he dropped off the face of the map. This is more consistent with a cadent Sun in the 6th house, making Libra the Ascendant. Choice of Libra as the rising sign also places ruler Venus/Aquarius in the 5th house of recreation which is also a better delineation match by house affairs to Venus/Aquarius as recreational swimming.

The final rectified time places the Lot of Spirit 28SC29 in the bound of Saturn/Scorpio which signifies security and the Lot of Fortune 17LE07 closely conjunct the North Node 12LE36 both in the bound of Saturn/Leo which signifies Black Power.

Conclusion: The Ascendant is Libra.

Physiognomy

Ascendant sign: Libra

Ascendant sign ruler: Venus/Aquarius

Ascendant decan: Libra

Ascendant decan ruler: Venus/Aquarius

Planets/Nodes placed in the Ascendant sign or decan: n.a.

Longevity: 71y 7m 18d

Releaser and kadukhudhāh. Figure is nocturnal and Moon/Aries/7th qualifies but is inconjunct sign ruler Mars and bound ruler Saturn so is questionable.

Sun/Pisces/6th is disqualified by placement in a cadent house.

For nocturnal charts, the Ascendant is the next choice as releaser. Sign lord Venus/Aquarius does aspect by trine but has only the dignity of decan and is overcome by Saturn. Bound lord Mercury is combust and does not aspect. Participating triplicity ruler Jupiter does aspect square the Ascendant but is in the sign of his fall. There is not much to work with here.

The next choice is the Lot of Fortune which is fortified by the North Node. Bound lord Saturn aspects by square. If Saturn is the kadukhudhah, then Saturn grants 57 major years. Mars deducts 15 minor years by opposition for a net of 42 years which takes Williams to 1967 which followed the formation of the Black Panther movement on 15-Oct-1966 influenced by his 1962 book *Negroes with Guns*. Arguably this approach gives the best 'empirical' results as no new significant chapters of Williams' life occurred after 1967. He did return to the US in 1959 but quickly resigned leadership positions from black power groups and led a low profile life, eventually dying of Hodgkin's disease.

Death is timed by Moon conj Venus primary directions from 10-Nov-1993 to 7-Feb-1997.

Victor of the Chart: Saturn/Scorpio-rx

Saturn takes the highest tally by bound ruler and total score of all possible victor candidates. Saturn is the bound lord of both Lot of Fortune and North Node in the bound of Saturn/Leo, the mundane significator for black power. As ruler of these two points, the penchant of Saturn/Scorpio for security led Williams to advocate for black Americans to arm themselves with weapons given the failure of the national government to protect them.

Manners: Jupiter-Mars (sign-based); Saturn-Venus (bound-based).
