*Introduction to delineation of appearance and character in natal astrology.* The following document is a hand-written analysis of **J. A. Folger**, using the principles of medieval predictive astrology. The discipline of natal astrology focuses on the fate of an individual based on a horoscope cast for the moment of birth. Within natal astrology, the 1<sup>st</sup> house occupying the eastern horizon at birth describes the native: physical vitality, appearance, and character. Between the Hellenistic and Medieval eras several specialized models were developed to assess these characteristics. They include **longevity** (vitality and length of life), **physiognomy** (form and shape of the face and body), **victor of the chart** (overall life purpose), **manners** (social conduct including ethical behavior), and **temperament** (elemental mix of fire, earth, air, and water with applications in medical astrology). Prior research has presented models and results for longevity (*A Rectification Manual: The American Presidency*, Chapter 4) and physiognomy (*Astrological Physiognomy: History and Sources & Astrological Physiognomy: Empirical Tests of the Leo Rising Decan*).

*Victor of the Chart.* Included are two competing models for computing the victor of the chart said to be the single most powerful planet in the horoscope. According to Plato's follower Porphyry, by configuration in the natal horoscope the planet signifying the victor of the chart shows the life choice made by the soul prior to incarnation. Plato explains the details of his soul model in *The Myth of Er* found in the closing pages of his work *The Republic*. Porphyry and his peer Antiochus offer specific rules for determining the victor of the chart. The method of Antiochus/Porphyry is compared to a later method for determining the victor suggested by the Jewish Rabbi Abraham ben Meir ibn Ezra, a philosopher and astrologer active in the 12<sup>th</sup> century. For a discussion of these two models, see the companion paper *Victor of the Chart: Testing Methods of Antiochus/Porphyry and Ibn Ezra*, which serves as a key to what is presented here.

*Manners.* Plato was not alone among Greek philosophers in conceiving models for the soul. Aristotle's model of vegetative, sensitive, and intellective soul levels (assigned respectively to the plant, animal, and human kingdoms) was taken up by Ptolemy, who found a correspondence between the sensitive and intellective soul and Moon and Mercury in the natal horoscope. Configuration of the Moon and Mercury, with special emphasis given to their rulers, is a second method for analyzing the soul. Ptolemy introduces this model in *Tetrabiblos III.13* "Of the Quality of the Soul." Subsequent authors refer to this model as "Significators of the Soul" or "Manners." A summary template for the Moon and Mercury is presented in the paper and will be further developed in future versions.

# J. A. Folger

## **James Athearn "J.A." Folger Sr. (June 17, 1835 – June 26, 1889)**

J. A. Folger Sr. was an American businessman and the founder of the Folgers Coffee Company.

Folger was born in Nantucket, Massachusetts, the son of Samuel Brown Folger (b. 1795) and wife Nancy Hiller (b. 1798). His father was a master blacksmith who had invested in a tryworks and bought two ships. They had nine children of which James was the second youngest. The Folger family roots can be traced back to England. On July 13, 1846, a 33-acre (130,000 m<sup>2</sup>) fire broke out in Nantucket's business section and burned the works and ship and 11 year old James helped in the reconstruction.

After the discovery of gold in California, James (age 14), along with his brothers Henry (age 16) and Edward (age 20) set out in the autumn of 1849 on a ship bound for the Isthmus of Panama. After a raft and hiking journey across the Isthmus, the brothers waited at Panama City for quite a while before catching the Pacific mail steamer *Isthmus* on April 10, 1850. They entered the Golden Gate on May 5, 1850.

James decided to stay in San Francisco instead of heading to the gold fields as a result of the high wages being offered. He helped reconstruct after one of San Francisco's many fires, similar to how he had in Nantucket. He helped build a spice-and-coffee mill for a man named William H. Bovee.

In 1860, he founded the San Francisco coffee firm known as the J. A. Folger Coffee Company, known today simply as Folgers Coffee.

J. A. Folger married Eleanor Laughran (born October 17, 1837) and was the father of James Athearn Folger Jr. (1864–1921), who married Clare Luning. James and Eleanor had three other children; John Athearn m. Nancy Try (*née* Slaughter), Ernest Randolph, and Elizabeth. He is the paternal grandfather of Peter Folger, and the great-grandfather of Abigail Folger. Abigail was murdered in 1969, by members of the Manson family, along with her friend, actress Sharon Tate among others. He is also the uncle of Henry Clay Folger, founder of the Folger Shakespeare Library.

He died June 26, 1889 at the age of 54 and is buried in the Folger family plot at Mountain View Cemetery in Oakland, California.

### Stage I. Determine the Ascendant sign

### *Firdaria*

By way of general delineation without relying on house position:

Venus/Taurus = Green unroasted coffee beans

Mars/Leo = Heat used to roast coffee beans

Mercury/Cancer, applying to Venus/Taurus = marketing/sales efforts pushing coffee products

Saturn/Libra-rx = business reversals and losses

Given these delineations, the nocturnal Firdaria series is the best match to life affairs:

Saturn-Venus. Begins working at Pioneer Steam Coffee and Spice Mills in construction and sales.

Saturn-Mercury. After running his own store in a mining camp, returns to Pioneer as salesman.

Jupiter-Saturn. Buys out partner's share of business after company declares bankruptcy.

Mars-Saturn. Buys out remaining Pioneer partners and renames company J. A. Folger & Co.

Conclusion: Figure is nocturnal.

## *Moon's Sign and Configuration*

Time	Moon's Degree	Sect	Configuration
12:00 AM	15PI53	N	Moon applies to Mercury
4:35 AM	18PI17	D	Moon applies to Mercury
8:40 AM	20PI25	D	Moon separates from Mercury and applies to Jupiter
4:16 PM	24PI21	D	Moon separates from Jupiter and applies to the Sun
7:26 PM	25PI59	D	Moon separates from the Sun and applies to Venus
7:29 PM	26PI01	N	Moon separates from the Sun and applies to Venus
10:15 PM	27PI26	N	Moon separates from Venus and is VOC
12:00 AM	28PI20	N	Moon separates from Venus and is VOC

Moon is in Pisces for the entire day of Folger's birth.

There are three possible configurations of the Moon:

- (1) Morning nocturnal hours: Moon applies to Mercury
- (2) Evening nocturnal hours: Moon separates from the Sun and applies to Venus
- (3) Evening nocturnal hours: Moon separates from Venus and is VOC

As Folger's life revolved around coffee, we can safely exclude the 3<sup>rd</sup> possibility since coffee is something he didn't leave behind. The 1<sup>st</sup> possibility makes him more of a pure salesman; the 2<sup>nd</sup> configuration makes coffee an obsession. Since Mercury applies to Venus, both configurations have a strong Venus connection and I find it difficult to narrow the choice based on the Moon's configuration.

## ZRS

ZRS was used as a key Stage I rectification tool to choose the Ascendant sign.

With L.Spirit in Aquarius:

- L1 Aquarius – L2 Leo losing of the bond times Folger's first successful standalone retail store at Yankee Jim's mining camp, its sale, and his return to San Francisco where he became a full-time salesman.
- L1 Pisces times the bankruptcy of Folger and Marden, and Folger's buyout of his partner's share.

By delineation, L.Fortune/Leo/4<sup>th</sup> house signifies gold (Leo) mining (4<sup>th</sup> house/things buried) as key to his success. His business model was based on selling roasted coffee to gold miners who relocated to California following the 1848 gold discovery.

Conclusion: for L.Spirit = Aquarius and L.Fortune = Leo, the best Ascendant sign choice is Taurus. This makes Venus/Taurus, the significator of coffee, angular in the 1<sup>st</sup> house.

Stage II. Determine the Ascendant's range within 1-4 degrees

*Physiognomy*

An internet search for photographs of J. A. Folger reveals one photograph. Features are drawn but the skin is smooth. This is a delineation match to the 2<sup>nd</sup> decan of Taurus rising (Virgo) ruled by Mercury/Cancer.

Conclusion: Narrow the Ascendant degree range to 10TA01 – 19TA59.

*Sensitive Degrees*

5-May-1850. trNorth Node 19LE34 conj L.Fortune 19LE30 for arrival in San Francisco.

26-Jun-1889. trSaturn 17LE44 conj L.Fortune for death from heart attack (within 2 degrees).

Stage III. Determine the exact Degree and Minute of the Ascendant

### KEY – Mubtazz Scoring

Single point: assigns 1 point for each essential dignity

Early medieval: sign 5, exaltation 4, bound 3, primary triplicity lord 2, decan 1. Used by al-Kindī and Māshā'allāh.

Late medieval: sign 4, exaltation 4, triplicity lords (all) 3, bound 2, decan 1. Used by Schoener; taught by Zoller.

Fixed Stars from Janus 4.3 software. Criteria: conjunction within 2 degrees longitude.

### Additional

Moon's Configuration: Moon applies to trine of Mercury, nocturnal, preventional.

Moon-Mercury whole sign aspect? Yes. Moon and Mercury are in trine aspect.

Do scoring methods agree? Jupiter-Mercury (sign-based); Jupiter-Mercury (bound-based) but notice the bound lords which for the Moon and Mercury compared to sign-based lords.

## Model Summary

### Physiognomy

Ascendant sign: Taurus

Ascendant sign ruler: Venus/Taurus

Ascendant decan: Virgo

Ascendant decan ruler: Mercury/Cancer

Planets/Nodes placed in the Ascendant sign or decan: Venus/Taurus placed in Ascendant sign.

Longevity: 54y 0m 9d

*Releaser and kadukhudhāh*. Figure is nocturnal and Moon is preferred. Moon/Pisces/11<sup>th</sup> is allowable with either bound lord Mercury in trine aspect or sign lord Jupiter in square aspect. Jupiter in detriment, combust, and in trine aspect to Saturn which receives Jupiter by bound does not appear promising. Better is Mercury/Cancer, the victor, in the bound of Jupiter, angular, separating square from Saturn, in aversion to Mars, and applying by sextile to Venus. Mercury grants 76 major years; Saturn by square aspect deducts 30 minor years, Venus adds 8 years by sextile aspect. Net projection is 54yrs which is right on the money.

Victor of the Chart: Mercury/Cancer

Porphyrus's Stage I criteria assigns Mercury 5 points for bound placement of the victor significators which overwhelms all other choices. Mercury/Cancer/3<sup>rd</sup> signifies sales and marketing (Mercury) while making short-term trips (3<sup>rd</sup> house) for consumer goods (Cancer); eventually roasted coffee beans (Mercury applies to Venus/Taurus – the green unroasted coffee bean – with the square from Mars/Leo to Venus/Taurus adding the roasting process). Mercury does rule the North Node – Jupiter – Sun stellium in the 2<sup>nd</sup> house so Folger's marketing and business skills make him wealthy.

Manners: Jupiter-Mercury (sign-based); Jupiter-Mercury (bound-based) but notice the bound lords which for the Moon and Mercury compared to sign-based lords.
